Mardeco International Ltd. is an independent privately owned New Zealand Company based in Auckland, New Zealand.

We have been importing designer architectural hardware for over 15 years now, sharing products from all over the world with kitchen and furniture manufacturers, hardware wholesalers and retailers, architects, interior designers, and kiwis throughout New Zealand looking to add a touch of sophistication to their homes.

Our close-knit team value innovation and excellence, which has led us to create our own range of sliding door hardware, the M-series, as well as import fantastic products such as Mardeco kitchen and cabinet hardware, JNF architectural hardware, Fitflex expandable cutlery inserts, CL cabinet locks and Artiteq picture hanging systems. We adhere to high standards of perfection, and import only the best products.

Mardeco is all about quality, design, and good service. We believe in looking after our clients and ensuring that they can get the products they're looking for, when they need them.
