OBEL MITO TOUCH GRINDER

With innovative touchscreen display

Featuring:

- Tried and tested mechanical system
- Motor mounted on anti-vibration supports
- Soundproofed grinding compartment that ensures low noise levels
- Easy to use due to the wide touchscreen display
- Extractable grounds collecting tray
- Fast and reliable grinding
- The adoption of 75 mm burrs allows a greater amount of ground coffee in less time
- The auto-cooling system reduces the conduction of heat from the motor to the milling chamber

The Obel Mito Istantaneo grinder features an innovative touchscreen display. Instant grinding allows you to savour the full aroma of the coffee blend.

FEATURES

- Independently adjustable single and double doses.
- Hands free filter holder
- Forced air ventilation
