Talk to us about a water cooler + coffee machine package!

Benefits of a Foundation Water Cooler & Coffee Machine Solution

- One Invoice per month when combined with a Coffee Machine from Foundation Coffee
- One point of contact for Service, Support and Consumables
- Lower your annual cost by using 1 water filter for both units
- Plumbed in Water Coolers remove the costly Bottle Refill service
- Consolidate your space by creating a Hydration Station with one of our Water Coolers, Coffee Machine & Storage Cabinets in one location
