DANGER

Highly flammable liquid HSNO Class 3.1B. Harmful if swallowed. Defats the skin causing redness and irritation.

- H224 Extremely flammable liquid and vapour
- H304 May be fatal if swallowed and enters airways
- H371 May cause damage to organs
- H312 Harmful in contact with skin
- H319 Cause serious eye irritation

DANGER: HIGHLY FLAMMABLE LIQUID AND VAPOUR. Aspiration into the lungs may cause chemical pneumonitis, which can be fatal. Highly irritating to eyes. Expected to be slightly irritating causing redness and dry skin. May cause headache, dizziness, nausea and narcosis if inhaled.

SAFETY PRECAUTIONS: Keep well away from heat, sparks and open flame. Store in a well ventilated place. Keep cool. In case of fire use Carbon Dioxide/Dry Powder extinguishers. Wash hands thoroughly after use. Use only non-sparking tools. Wear protective gloves and eye/face protection. Do not eat, drink or smoke whilst using. Avoid breathing vapour. Use with adequate ventilation. Dispose of empty container in a safe manner. In case of fire, evacuate area.

FIRST AID:

- Eye Hold eyes open and flush with water for at least 15 minutes. Seek medical attention immediately.
- Skin Immediately remove contaminated clothing and wash skin and clothes thoroughly with soap and water. Apply soothing barrier cream if redness or irritation appears.
- Ingestion Do not induce vomiting. Rinse mouth with water. Seek medical attention immediately. Treat as for petrol ingestion.
- Inhalation Remove to fresh air. If breathing is difficult, seek medical attention immediately.

If medical advice is needed have the product container/label at hand. In an emergency phone the National Poison Centre. (24 hrs): 0800 POISON[764 766].

OUR VISION AND MISSION

To be the leading value-based provider to the market. We have a dedicated team to achieve excellence for our customers and a philosophy of total quality. We conduct business and create relationships in an ethical and sustainable manner with customers, our community and the environment. The value we provide our customers is the opportunity to increase profit through lower cost solutions that do not sacrifice quality or service.

ENVIRONMENTAL POLICY

Pacer is committed to leading the industry in minimising the impact of its activities on the environment. The key points of our strategy to achieve this are: Purpose built premises utilising energy efficient technology and rain water collection. Actively promoting recycling both internally and amongst our customers and suppliers. To develop and promote a product range to minimise the environmental impact of our products. We are constantly evaluating and looking at substituting to a more environmentally friendly composition of raw materials for our products. To meet or exceed all the environmental legislation that relates to our industry.
