Our *story*

Livi is a B2B brand of Cottonsoft Ltd, a New Zealand operated and managed company, with nearly 40 years experience marketing, manufacturing, and distributing high quality tissue products throughout the country.

Introduced in 2010, Livi was developed by Cottonsoft Ltd specifically for commercial customers and their unique requirements. Now well-known across the globe, Livi has become the go-to brand for thousands of commercial enterprises. From hospitals to resorts, restaurants to cafes, government institutions to corporate offices and schools, Livi is distributed in 37 countries across 5 continents and is recognised for a consistent standard of excellence across its entire range.

Our *vision*

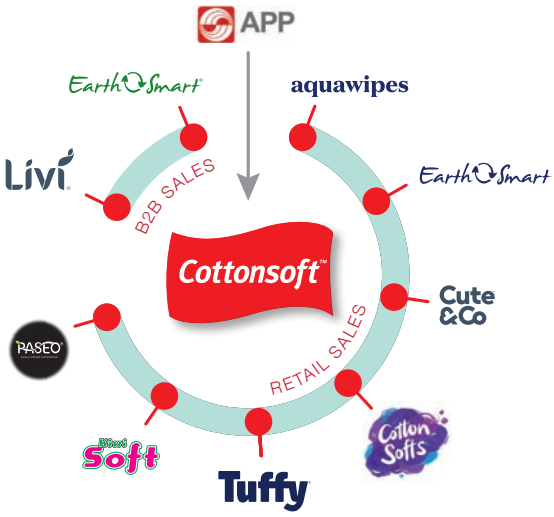

30% reduction in emissions by 2030

13% reduction in carbon intensity since 2018 (SDG 6,13)

59% renewable fuel use in 2020 (SDG 6,13)

100% sustainably managed fibre supply (SGD 12,13)

Our *brands*

The *Livi* Range

Everyday ECONOMY

A simple, no nonsense range to 'manage the price fight' for high volume facilities.

Livi Everyday

Essentials MID-RANGE

High quality that offers affordability and consistency.

Livi Essentials

The brand *you can rely on.*

The Livi range has been developed to cater for New Zealand businesses, government, and public service institutions. From day care centres to universities, from high-rise office blocks to low-rise industrial, from aged care facilities to hotels, wherever you require good hygiene, you'll find Livi is right at home.

Impressa PREMIUM

Premium luxury quality that creates a lasting, personal impression.

Livi Impressa

Industry SPECIALIST

A tailored range of paper hygiene solutions suitable for specialist industries.

Livi Care

Our history and experience

In 1986 the original toilet tissue manufacturing site in Dunedin began as a Church fundraiser, and was registered as a business with five local shareholders in 1988. By 2010 Cottonsoft became #1 in New Zealand for toilet tissue. By 2025 we have over 200 staff, three factories and 8 brands.

1986

Cottonsoft established in Dunedin.

1991

Cottonsoft expanded to the North Island increasing their range with facial tissues, napkins and 'Away From Home'.

1996

Tuffy Kitchen Towel brand was launched to market.

1999

KiwiSoft was launched to market.

2002

Cottonsoft Limited and the CottonSofts brand were born.

2007

Auckland factory opens. APP became preferred supplier to Cottonsoft.

2010

Cottonsoft Limited became #1 in NZ for Toilet Tissue. Livi Launched.

2011

The Paseo luxury brand was launched to market.

2014

Sustained growth with ‘Away from Home’ and Private Label Partnerships.

2016

NPD and growth of adjacent categories including flushable wipes and EarthSmart recycled range. livi.co.nz was also launched.

2017

Paseo became the #1 Toilet Tissue brand in NZ!

2019

Plastic Free NZ Made EarthSmart AquaWipes and EarthSmart 360 Recyclable Paper Packaging launch.

2020

Livi Global rebrand and Cute & Co. nappies launch.

Cute & Co

Livi
Your partner in paper and hygiene solutions

2021

Our 2nd Auckland factory opened. Cute & Co plant based wipes launched. We kept NZ in toilet paper with a break bulk ship.

2022

EarthSmart facial tissues launched.

2023

New Livi website.

Livi

2025

Christchurch new building site.

With nearly *40 years* tissue experience, Cottonsoft is now the New Zealand Market leader with the skill, expertise and growth momentum to lead sustainable growth into the future.

Catalogue

Fibre Sourcing

100% Fibre supply from sustainably-managed plantations

40% Fibre from recycled sources

38 Pulpwood supplier's concessions are completed ISMPs

Zero Natural forest conversion by APP pulpwood suppliers since 2013

Reforestation

Continue supporting the protection and restoration of natural forest inside and outside APP pulpwood suppliers' concession through landscape approach.

24,000 hectares areas with restoration progress

100% Certified *Sustainable*

Environmental responsibility is critical to our business. As a socially, economically, and environmentally responsible company, we adhere to stringent Australian, New Zealand and international environmental laws, only sourcing our fibre from internationally certified suppliers.

From *earth to skin* and everything in between

Conservation & Biodiversity

Total protected area

600,000 hectares <1% forest degradation in protected area in the past 3 years

Climate change

Continue to develop and improve our approach to Peatland Best Practice Management Program.

64% avoidance of carbon emission due to FCP implementation compared to BAU.

20 YEARS CARING FOR OUR FORESTS
PEFC™

We have a strict **ZERO DEFORESTATION** policy and our suppliers are committed to **REPLANTING 15 MILLION** trees a month

SUSTAINING COMMUNITIES

We honour communities around our operations. We believe community education and empowerment are **core to successful forest conservation.**

Over half a million hectares *of natural forests conserved*

We use Rapidly Renewable Fibre from fast-growing eucalyptus and acacia trees that reach full height and maturity in only 6-8 years. This enables shorter harvest cycles yielding more paper from more trees on less land and in less time.

That's true sustainability in paper!

For more information on PEFC chain of custody visit: www.pefc.org/standards/chain-of-custody

- **Independently certified** by the world's largest forest certification program, PEFC (certifying two thirds of the worlds certified forests), guaranteeing products come from only virgin fibre and sustainably-managed plantation forests.
- **Tracing the chain of custody** from plantation tree to the finished product at all production facilities.
- **PEFC chain of custody** ensures that claims about product's originating in sustainably managed forests are credible and verifiable throughout the whole supply chain.
- **Controlled sources under PEFC guidelines** – verification that the product has originated from a source that has been legally verified according to requirements under PEFC guidelines.
- **The Indonesian ecolabelling institute (LEI)** chain of custody certifies that the product is produced from a source that is managed based on environmental values, economic principles and social norms.
- **"Timber legality & traceability verification (TLTV)** – an independent third-party verification that 'assures forest management companies as well as everyone else working within the timber supply chain that timber products are produced in compliance with the relevant legality and chain of custody criteria."

Asia Pulp & Paper (APP) Sinar Mas is committed to achieving sustainable forest management, balancing conservation with production aspects through a landscape approach.

We work to protect and restore natural forest in concession areas as well as optimising forest management to ensure sufficient supply of raw material from our existing plantations to supply our pulp mills.

This is important, not only for the sustainability of Cottonsoft paper products, but for the preservation of natural forests and the communities that live within and around them.

You can be assured that all Livi paper products are PEFC certified and plastic packaging is soft plastic recyclable, through the soft plastic recycling program to which Cottonsoft Ltd are a founding member.

Through this scheme **30 million packs were recycled in the last 5 years**. The plastic recycled into FuturePosts in 2021 alone could fence 170km of road from Tauranga to Auckland!

A significant number of Livi tissue products are licenced to display the Environmental Choice New Zealand (ECNZ) ecolabel, giving our customers complete peace of mind and reassurance that we operate sustainably and responsibly.

we HARVEST
we REPLANT
and we REPEAT
but only RESPONSIBLY

OUR COMMITMENT
We have a strict ZERO DEFORESTATION policy and our suppliers are committed to REPLANTING 15 MILLION trees a month
CHAIN OF CUSTODY SYSTEM

100% PURE PULP PRODUCTS
We bring unsurpassed natural, hygienic tissue products to **consumers homes, public facilities and spaces from hospitals to universities, hotels to business offices.**
