

More than products. A partner in safer solutions.

At Matthews Packaging & Hygiene, we go beyond supplying products we support the people who deliver building & trade services.

We understand the unique demands of environments. That's why every solution we provide is carefully selected to enhance performance and efficiency. From PPE, factory operation needs to cleaning systems or washroom consumables. Our range is designed to help your team maintain the highest standards while keeping costs under control and procurement simple.

Whether you manage a single site or a national network, Matthews delivers reliable products, responsive service, and expert support so you can focus on what matters most.
