RUBBERMAID MATTERS

Rubbermaid Commercial Products® is globally trusted to deliver cost-efficient innovations, with best-in-class performance, durability and quality. For over 50 years, Rubbermaid Commercial Products has pioneered world-class product solutions that meet the challenging demands of commercial facilities while outperforming and outlasting the competition.

We incorporate sustainability principles in the way we design and produce our products — from our utilisation of recycled materials to our iconic durability which has resulted in fewer landfill contributions. We stand for sustainable solutions that make us better stewards of our planet and resources and we are committed to extending sustainable practices across our business.

PRODUCT CATEGORIES

CLEANING

A full range of industry leading cleaning tools, systems and accessories which offer versatile solutions to manage cleaning operations in any facility.

SAFETY

An extended range of absorbents, safety signs, cones and barricades emphasize site safety, avoid slips and falls and secure areas in hazardous environments.

WASTE MANAGEMENT

A range of utility and decorative refuse solutions from the durable BRUTE® to the space-efficient Slim Jim®, constructed with the highest quality, designed to last in commercial environments.

MATERIAL HANDLING

A range of industry leading carts, platform trucks, trolleys and bulk trucks to move material around faster and with ease, saving time and avoiding injury.

WASHROOM SOLUTIONS

A range of innovative washroom solutions from hand hygiene to air care, every product is specifically designed to promote health and wellness, reduce costs, and enhance any facility's image with an improved washroom experience

FOOD SERVICE

A range of durable, quality products to help meet industry standards for storing, preparing, serving and transporting food safely.

Rubbermaid Commercial Products LLC operates a quality management system which complies with the requirements listed above.

ADA COMPLIANT

ADA

- The Americans with Disabilities Act prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, state and local government services, public accommodations, commercial facilities, and transportation
- Rubbermaid Commercial Products refuse containers need to comply with the ADA regulation; as long as "access openings" for containers are below 121cm, containers are compliant to ADA regulations
- All Decorative Waste products comply with ADA Reach Range Requirements, except for step can models; all Decorative Waste wall mount models comply with ADA Reach Range Requirements, dependant upon height placement within the mandated "Reach Range"

USDA

United States Department of Agriculture Equipment Listing (Meat and Poulytu and 3A Dairy Listing). Items that comply with USDA regulations via the design, construction, and materials of a product.

ISO 9000

ISO 9000 is an internationally recognised quality management system that provides:

- Guidance for businesses that want to implement or improve quality systems within their business;
- Benchmarks that customers can use to evaluate a supplier's quality system.

ISO Certification of the Commercial Products Facilities perfectly embodies Rubbermaid principles:

- ISO certification represents a commitment to continuous value improvement. Rather than look at particular products, ISO 9000 reviews the systems and procedures through which businesses assure quality products.
- ISO certification shows that a company has built a culture of quality

FM

Factory Mutual is an independent testing agency whose approvals are based on Standard 6921 Combustible Waste Containers. Standard 6921 is performance criteria for containers with covers (lids) and their ability to withstand internal fires, maintain a certain range of stability, if dumped, and stay intact over a wide temperature range. Standard 6920 is performance criteria for Oily Waste Containers.

ISTA

International Safe Transit Association. The Compacted Mops were tested and certified via ISTA Test Procedures.

NSF

National Sanitation Foundation is an independent testing lab/organisation in Ann Arbor, Michigan. NSF lists products which meet their criteria for cleanability and sanitation: food contact, splash zone and non-food contact, per Standard 2: Food Equipment and Standard 18: Manual Beverage Dispensers. NSF 3-A USDA for equipment used in processing meat and poultry products. Also, Standard 21: Thermoplastic Refuse Containers

USGBC

As a member of the United States Green Building Council, we are dedicated to promoting products for buildings that are environmentally responsible and healthy places to work. We offer over 1,000 products that contribute to buildings achieving LEED Certification.

Visit www.rubbermaidcommercial.com for more information on USGBC and LEED Certification.

OSHA

- Decorative Waste products comply with Occupational Safety and Health Administration (OSHA) Standard for Occupational Safety and Health Part 1910.141 Sanitation
- Defenders® Step Cans and Medi-Cans™ comply with OSHA Standard for Bloodborne Pathogens, Final Rule 29CFS, Part 1910.1030 mandated "Reach Range"

LEGEND

- Assembly required
- Indicates products that contribute to Green Cleaning and Sustainability
- UV stabiliser added for maximum life in outdoor settings
- Product has antimicrobial properties
- MRI safe
- Hands-free products that help reduce the risk of cross-contamination
- Indicates product is suitable for medical waste
- Made to order
- Fire proof

ASTM

ASTM F-404-08 is an American Society for Testing and Materials' safety standard for evaluating a High Chair. A "test dummy" that simulates a child of predetermined size is strapped into the chair and various push, pulls, and racking tests are conducted on the chair and also using the dummy to simulate forces required to remove dummy, and to determine the safety aspects of ensuring proper confinement within the chair without causing harm to the child.

ASTM F-2285-04 is an American Society for Testing and Materials' safety performance specification that establishes performance requirements, test methods, and labeling requirements to minimize the hazards to children presented by Diaper Changing Tables for commercial use with children up to 50 lbs.

ASTM 615 is an American Society for Testing and Materials standard specification for Deformed and Plain Carbon Steel. This specification covers deformed and plain carbon steel bars for concrete reinforcement in cut lengths and coils.

ASTM C150-07 is an ASTM standard specification for Portland Cement, specifically Portland Cement Type 1, for use when the special properties specified for any other type are not required, and Portland Cement Type III, for use when high early strength is desired.

HACCP

Hazard Analysis and Critical Control Points is a systematic method using principles (Food Hygiene Practices) for analyzing a food process and determining the possible chemical, physical, and biological hazards within that process that should prevent any unsafe food from leaving the process (this process could be for a food processing plant or food preparation in a restaurant). The seven principles are: 1. Application, 2. HACCP Plan Validation, 3. Quality Manual Review, 4. On-site Readiness Review, 5. Registration Audit, 6. Registration, and, 7. Surveillance

CSFM

California State Fire Marshal listing is obtained for various types of containers once tested (by independent testing laboratories) against specific criteria. Following our receipt of UL and/or FM approval for those items, the results were submitted/accepted by California. The State of California is generally regarded to have the most stringent fire codes of all the United States. For an annual fee (every June 30th) the CSFM listings are updated. Decorative Waste products that are UL Listed/FM Approved Fire-Safe/ Self-Extinguishing and UL Classified are listed by the California State Fire Marshal pursuant to section 13144.1 of the California Health and Safety Code.

See CSFM Listing No. 4480-1025:100.

UL

Underwriters Laboratory. The UL Classified baskets (FG254000, FG254100, FG254200, FG254300, FG254400) meet the criteria for UL Standard 242 which is a standard of performance for open top, non-metallic wastepaper containers. UL classified baskets are generally found in use in patient care rooms (hospitals/nursing homes).

Decorative Waste products that are UL Classified have been tested and approved only to burning paper containment and resistance to temperature rise of surrounding surfaces.

Decorative Waste products that are UL Listed / FM Approved/Fire-Safe/Self-Extinguishing have been tested and approved for the fire-safe containment of dry flammable paper waste products.

FDA

Food and Drug Administration does not approve products. The FDA sets regulations which require compliance.

NSF Registration Guidelines for Proprietary Substances and Nonfood Compounds:

Handwashing and sanitising products (CategoryCode E2):

Combination of detergents-germicides (single step preparations designed to combine hand washing and sanitising) will be considered for registration on the basis of their ability to effectively clean the hands as well as their germicidal equivalency to 50 ppm available chlorine. The hands need not be washed with soap or detergent prior to the use of such preparations. However, the hands must be rinsed with potable water after the use of the product and before handling food.

Hand sanitising products (Category Code E3):

Products manufactured from those solutions described in CFR Title 21, Section 178.1010, which are applicable for the purpose may be used to sanitise the hands of employees handling food products without a subsequent rinse provided they are germicidally equivalent to 50 ppm available chlorine. Products shall not contain perfumes leaving a residual odour on hands after usage. These sanitising solutions may be used only after thoroughly washing hands with soap or detergent and water, followed by rinsing with potable water. In many instances, these hand sanitisers may be injected directly into wash/rinse water.

3 year warranty

5 year warranty

10 year warranty

Products and components are subject to change without notice, and may differ from catalogue imagery. Refer to "Case Pack Quantity " size for exact carton contents.

HYGEN™ MICROFIBRE CHARGING BUCKET MR

Rubbermaid HYGEN™ Microfibre Charge Bucket is a highly efficient flat mop cleaning system for healthcare and sanitary maintenance applications.

- Easy-to-clean, lightweight non-porous plastic construction
- Safe for use in MRI rooms
- Bucket works with Rubbermaid HYGEN™ Microfibre Cleaning Cart

Compatible with HYGEN™ Microfibre Mop, Microfibre Light Commercial Mops and Quick-Connect tools for a continuous cleaning process with "touch-free" wringing.

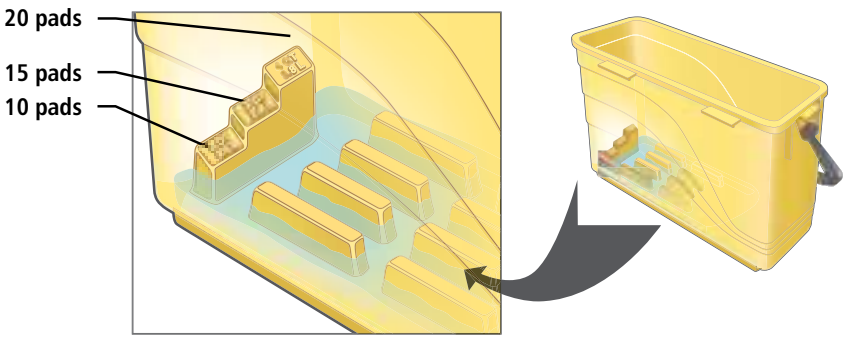

FGQ95088YEL

DID YOU KNOW?

HYGEN™ Charging Buckets are designed to:

- Reduce cross-transmission when a fresh mop is used for each room or area
- Holds 10–20 microfibre damp mops
- Holds enough liquid to clean up to 23.23m²; fully loaded bucket can clean up to 464.5m²

The HYGEN™ Charging Bucket design prevents oversaturation of microfibre mops and features a measuring guide for filling with cleaning or disinfecting solution.

SKU NO.	COLOUR	DESCRIPTION	DIMENSIONS (LxWxH)	WEIGHT	CASE PACK (UNITS)
FGQ95088YEL	Yellow	HYGEN™ Microfibre Charging Bucket	60.7 cm x 24.1 cm x 34.6 cm	7.3 Kg	3

HYGEN™ PULSE™ MICROFIBRE MOP

SCAN ME

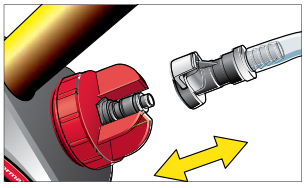

Clean more square metres in less time with the HYGEN™ PULSE™ Microfibre Mop. The on-board reservoir, and user-controlled release of solution mean cleaner floors faster, easier, and more effectively.

Product Compatible with:

- HYGEN™ Quick connect frame
- HYGEN™ Microfibre Mops Pads
- Light Commercial Mop Pads
- HYGEN™ Charging Bucket

OPTIONAL RUBBERMAID PULSE™ CADDY

CLEAN CONNECT™ CAP

DID YOU KNOW?

The onboard reservoir on the PULSE™ mops holds enough solution to

CLEAN 79M²

FGQ966000000

RUBBERMAID PULSE™ CADDY

Holds up to 621ml of liquid solution, allowing users to clean up to 79m² without needing a refill.

Ergonomic trigger handle evenly dispenses three sprays of cleaner.

Unscrew the cap to manually refill or connect to the PULSE™ Caddy hose for automatic refills.

Rubbermaid®
Commercial Products
WAVEBRAKE®

WAVEBRAKE® JUST GOT A WHOLE LOT BETTER

CONVENIENT MOP

Flared wringer design allows mop handle to conveniently rest on the side of the wringer while not in use.

IMPROVED WRINGER DESIGN

Improved wringer design now works with more mop sizes, from x-small to x-large.

DEPENDABLE WRINGER

The side-press and down-press wringers are designed to last 5 years or 200,000 wringing cycles.[1]

EASY TO MANOEUVRE

Integrated guides ensure a secure wringer and bucket connection, providing stability while wringing and manoeuvring.

[1] Based on internal side-press testing.

Rubbermaid® Commercial Products

WAVEBRAKE® MOP BUCKET AND WRINGER COMBO

With features that surpass traditional mop buckets, the WaveBrake® helps to clean floors with less effort to get the job done safer, without sacrificing quality and durability.

PROFESSIONAL LIGHT HOUSEKEEPING CART

Made smaller, narrower, more productive and built to last.

The Professional Light Housekeeping Cart has been designed with your housekeeping needs in mind, to enhance productivity with a smaller footprint and high storage capacity.

Fits narrow spaces like smaller hotel corridors and narrower lifts.

Built-in dividers on top to keep organised.

Additional caddy fits snug on top of cart, also acting as a lid.

DURABILITY

Professionally engineered for the commercial environment, tested to be pushed and pulled over 10,000 times.

PRODUCTIVITY

Can hold up to 122kg.

Additional capacity via Linen bag can be added for towels and sheets.

2140097

HEALTH AND WELLNESS

Easy to manoeuvre wheels means staff operate with safety in mind.

Rubbermaid® Commercial Products

BRUTE®

LEGACY OF INDUSTRY-LEADING DURABILITY

Since 1968, BRUTE® containers have been trusted by professionals for their iconic durability and reliability. With every lift, drag and drop, they've outlasted—and outperformed every competitor in the industry thanks to their proprietary design, the highest quality materials and world-class manufacturing in Winchester, Virginia, USA.

COMMERCIAL GRADE CONSTRUCTION

Proprietary design constructed with the highest quality materials plus a UV inhibitor ensures long life in even the most extreme commercial environments.

RIM WITH RIB STRENGTHENED DESIGN

Increases strength and resists crushing.

ROBUST HANDLES

Make lifting and moving easier. Reinforced to resist tearing or damage from even the heaviest loads.

REINFORCED BASE

Specifically engineered to endure dragging over rough surfaces, extending life and durability in the toughest environments.

Rubbermaid® Commercial Products

BRUTE® UTILITY BINS

MOVING HEAVY LOADS JUST GOT EASIER

Dragging containers across jobsites can cause user strain and lead to injuries. With safety in mind, Wheeled BRUTE® is ergonomically constructed with features to ensure workers stay safe even on the roughest jobsite. The Wheeled BRUTE® makes transporting heavy loads easier than ever.

DURABILITY MEETS MOBILITY

The DuraTread never flat wheels allows you to move loads 5X easier* even over rough terrains.

ERGONOMIC HANDLE

Designed to require less force when moving heavy materials of up to 81.7 kg with the 121 Lt and 113 kg with the 166 Lt.

INTEGRATED TILT & KICK PLATE

Provides maximum leverage for controlled tilting and transporting materials.

10 YEAR LIMITED WARRANTY

CATEGORY LEADING WARRANTY

Backed by a 10-Year Limited Warranty.

WHEELED BRUTE®

Wheeled BRUTE® ensures worker safety

Made to move, built to last. Wheeled BRUTE® Containers allow you to move loads 5X easier even over rough terrains to improve productivity and reduce the risk of injury.

- DuraTread never flat wheels allow you to move loads easier even over rough terrains.
- Ergonomic handle is designed to require less force when moving heavy loads up to 79kg.
- Handle design enables users to maintain proper back posture by leveraging shoulder and torso muscles rather than relying on arm muscles alone.
- Integrated tilt and kickplate provides maximum tilting when transporting materials.
- Innovative venting channels make lifting out liners easier, improving productivity and reducing the risk of injury.

Slim Jim®

DESIGN FOR THE TIGHTEST SPACE

Since RCP introduced the first small footprint, professional-grade waste container in 1978, Slim Jim® has been chosen first for its uncompromised performance in the tightest spaces. Slim Jim® containers are fit for the job no matter the space thanks to their proprietary design including venting channels and liner cinches.

COMMERCIAL GRADE CONSTRUCTION

Built with the highest quality materials ensuring long life in the toughest commercial environments.

REINFORCED RIM

Maintains structural integrity to resist crushing.

ROBUST HANDLES

Resist tearing and damage while lifting, moving, and dragging.

BREADTH OF OFFERING

Available in 60 and 87 litre capacities and eight different colours to fit any space or need.

Ideal for moving loads in a variety of environments

Versatile solutions for any environment.

Efficiently transport large, bulky loads

Innovative designs to improve productivity

DURAMOLD™ REAL WORLD RUGGED — TESTED TOUGH

Rubbermaid's exclusive Duramold™ technology exceeds the highest performance standards in the industry. We test and retest our products to meet rigorous durability standards, and our material handling products are no exception.
Real-world rugged durability, innovative technology, and best-in-class features combine to create longer-lasting products that carry heavy loads—and make your work easier.

40 buckets of sheetrock compound weigh over 2,400 lbs

WILL NOT WARP, DENT, SPLINTER, RUST, OR ROT

Tough, resilient surface absorbs impact and provides quiet operation. Virtually maintenance-free; resistant to most chemicals, impervious to water damage, and easily cleaned.

Metal—dents and rusts

Wood—splinters and rots

DURAMOLD™
precision-engineered resin and steel composite decks
HOLD & TRANSPORT UP TO
1134 KG
of weight load capacity

Duramold™ decks are formed from a precision-engineered resin and metal composite structure that is lighter than typical steel/wood products without sacrificing strength, which enables weight reduction and improved ergonomics.

PUT YOUR EFFORT INTO MOVING YOUR PAYLOAD, NOT YOUR TRUCK

DURAMOLD™ HAS THE HIGHEST STRENGTH-TO-WEIGHT RATIO

when compared to metal, wood, and solid plastic decks.

HEAVY-DUTY PLATFORM TRUCKS

Ideal for moving large, heavy, oversized loads in a variety of environments from retail to construction.

COLLAPSIBLE X-CARTS

Durable, easy-to-maneuver cart efficiently transports large, bulky loads, then conveniently collapses to minimize storage footprint.

- Compact, collapsible frame enables efficient storage
- Durable vinyl bag accommodates bulky loads
- Easy-to-clean, detachable bag
- Color-coded ribbons classify transport materials to prevent cross-contamination
- Aesthetically pleasing black finish disguises stains and dirt
- High-quality TPR castors provide quiet operation
- Bumper guards help prevent damage to cart and facility during transport

DURABLE CONSTRUCTION

Robust stainless steel with powder-coated finish will not warp or rust.

1881750

PREMIUM QUIET CASTORS

Castors swivel for superior maneuverability, while bumper guards add extra protection during transport.

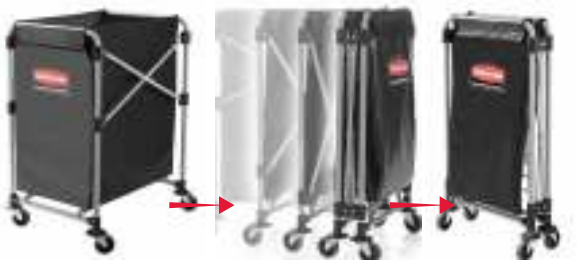

1881781

COLOUR-CODED TABS

Organise your linen and/or waste collection. Select the color you wish to assign for the job and simply trim off the other three tabs.

Compact, collapsible frame reduces width by 75% to enable efficient storage.

COLLAPSIBLE X-CART COVERS

Elevate your image by discreetly transporting linens and supplies with the new Collapsible X-Cart Covers

- Multiple, built-in storage pockets on each side keep frequently used cleaning tools and supplies within reach
- Convenient quick-access lid provides easy access to contents inside of cart without having to remove cover; secures with Velcro® trim
- Drawstring tightly secures cover onto Collapsible X-Cart frame
- Frame remains collapsible with or without cover

Six storage pockets hold cleaning tools, gloves, cloths, spray bottles, cleaning chemicals & more!

CASTORS TO MEET YOUR NEEDS

Rubbermaid's best-in-class heavy-duty castors have been specially chosen for each of our products to meet the most demanding environments.

POLYOLEFIN

Hard-tread polyolefin castors roll easier than soft tread castors. Nonmarking, impact- and chemical-resistant castors won't flat-spot under static loads or pick up metal shavings, nails, and other debris.

PNEUMATIC

Pneumatic castors provide a cushioned and quiet ride for fragile loads, making them ideal for rough and uneven surfaces, inside and out.

THERMOPLASTIC RUBBER

TPR castors absorb shock, provide floor surface protection, and quiet operation. Chemical and water-resistant.

HAND HYGIENE

Protect your facility's image and employees' well-being with RCP's full line of skin care solutions. Our reliable dispensing systems and high-quality soaps and sanitisers help to positively impact your bottom line.

ENSURE A POSITIVE EXPERIENCE EVERY TIME

At RCP, we know that the condition of your washroom is important to your patrons' experience and facility's reputation. Our products are designed to stand up against heavy traffic and constant use. Their reliable and efficient performance keeps your operations running smoothly. No matter what challenges your facility faces, our complete washroom solutions will ensure that your facility maintains a professional image that leaves every visitor with a positive and lasting impression.

KEEP YOUR WASHROOM LOOKING ITS BEST

RCP's selection of solutions ensures that your washroom operates as beautifully as it looks:

PRODUCTIVITY

Keep the washrooms in your facility functioning at peak performance.

COST-IN-USE

Reduce your operating costs, while still getting the job done.

IMAGE

Protect your facility's integrity with lasting durability and consistent cleanliness.

Rubbermaid® Commercial Products

LEARN THE INGREDIENTS

Soaps and sanitisers are made up of a combination of ingredients to meet your specific needs.

SOAP

Water + Surfactent + Fragrance / Dye / Moisturiser / Antibacterial

1 2 3 4 5

SANITISER

Water + Moisturiser + Antibacterial / Alcohol

4 5 6

1 SURFACTANT:
Cleansing and foaming agent that removes dirt and germs

2 FRAGRANCE:
Clean with or without added scents

3 DYE:
Clean with or without added colour

4 MOISTURISER:
Helps to keep skin hydrated

5 ANTIBACTERIAL:
Alcohol-free ingredient helps to kill germs

6 ALCOHOL:
Active ingredient used in alcohol-based sanitisers

KNOW THE DIFFERENCES

SOAP

FOAM

- Dispenses in a light, airy consistency
- Lathers quickly for an easy hand wash
- Rinses easier to reduce drain maintenance

LOTION

- Dispenses in a thick, liquid consistency
- Creates a rich lather
- Most effective in eliminating hand bacteria[1]
- Uses more water in day-to-day handwashing activities

SANITISER

FOAM

- Dispenses in a light, airy consistency
- Use frequently between hand washes
- Compliments a proper hand wash
- Acts quickly to kill microorganisms on hands

[1]Foam Soap is Not as Effective as Liquid Soap in Eliminating Hand Microbial Flora Nicolette Dixon - https://www.ajicjournal.org/article/S0196-6553(17)30082-2/fulltext

PRACTICE PROPER HAND HYGIENE

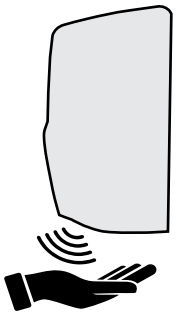

Frequently wash hands with soap and water, even when hands aren't visibly dirty

Sanitiser should be used in between and after hand washes to maintain hand hygiene

When washing hands, scrub for at least 20 seconds to remove dirt and germs

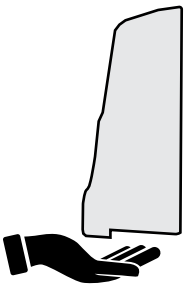

Germs can be transferred more easily to and from wet hands, so hands should be dried after washing

DISPENSER EDUCATION

WALL MOUNT AUTOMATIC

- Dispenses soap touch-free
- Controlled portioning reduces refill maintenance and waste
- Requires batteries for operation*
- Includes helpful indicator lights
- Convenient, easy installation

WALL MOUNT MANUAL

- Dispenses soap on demand with push bar
- Includes viewing window for refill maintenance
- Operates without batteries
- Convenient, easy installation
- Most economical option

*Excludes AutoFoam dispenser with LumeCel technology, which is powered by indoor light.

SCAN ME

AUTOFOAM TOUCH-FREE DISPENSERS

AIR CARE

Fragrance can reinforce the feeling of cleanliness and freshness in the washroom; **77%*** of patrons that experience a business with unpleasant washroom smells leave with a negative perception of the business. RCP offers a full line of air care options that can help you create a positive experience.

FRAGRANCE EDUCATION

KNOW THE FRAGRANCE FAMILIES ORAL

RCP's fragrance options fall within six distinct fragrance families, based upon their scents:

FLORAL

Characterised by:

Radiant scents, such as rose, jasmine, and violet; green scents, which are reminiscent of freshly cut grass, leaves, and stems.

FRUITY

Characterised by:

Luscious fruity scents, such as apple, pear, plum, mango, peach, and melon.

CITRUS

Characterised by:

Invigorating and uplifting scents, such as lemon, mandarin, and other citrus oils.

HERBAL

Characterised by:

Powerful, aromatic herbal scents, such as rosemary, mint, coriander, lavender, and sage.

FOUGÉRE

Characterised by:

Masculine scents, such as lavender, moss, and woods.

GOURMAND

Characterised by:

Mouth-watering, edible scents, and sweet, comforting vanilla.

FRAGRANCE INTENSITY

AEROSOL FRAGRANCES

Microburst® 3000

Linen Fresh™	Ocean Breeze	Mountain Peaks	Orchard Fields

Microburst® Duet

Gentle Breeze	Linen	Ocean Breeze	Sea Mist	Alpine Spring	Mountain Peaks	Cotton Berry	Refreshing Citrus

NON-AEROSOL FRAGRANCES

TCell™ Odor Control

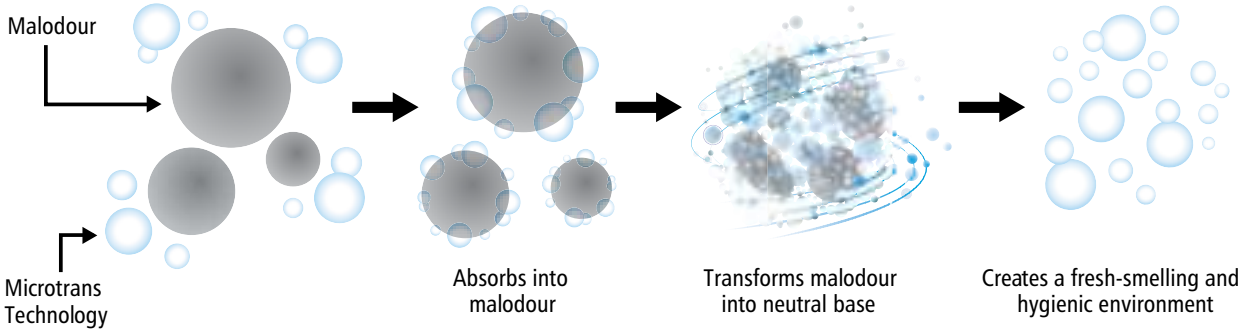

Wakening Spring	Blue Splash	Citrus	Pure™ Odor Neutraliser

WHAT SETS RCP FRAGRANCES APART

Traditional air fresheners only camouflage malodours; all of RCP's fragrance options have Microtrans® technology, which attacks and effectively eliminates unavoidable odours in the washroom. Thus, completing two jobs in one – removing odours and creating fresh-smelling environments.

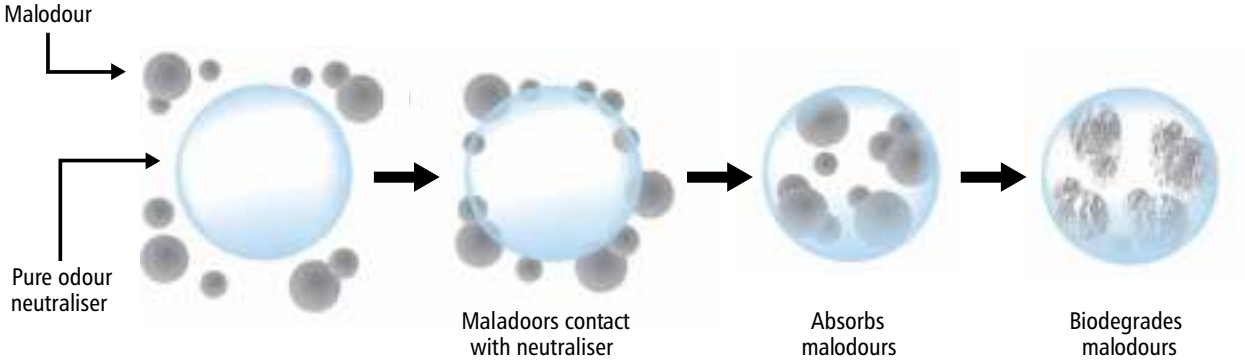

MICROTRANS® ODOUR NEUTRALISER TECHNOLOGY

Locks onto malodour molecules to neutralise the odours.

FRAGRANCE-FREE ODOUR NEUTRALISER

RCP also offers a Pure™ odour neutraliser for environments, where odour removal is desired, but fragrance is not. This option is a blend of natural extracts and purified water that attracts, captures, and neutralises malodours.

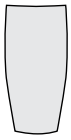

DISPENSER EDUCATION

ACTIVE

- Aerosol system relies on valve-actuating mechanism to dispense fragrance automatically
- Programmable dispensing options reduce refill maintenance and waste
- Requires batteries for operation*
- Includes helpful battery and refill life indicators

PASSIVE

- Relies on natural air movement to dispense fragrance
- Operates without batteries
- Non-aerosol system does not include propellants or added harmful volatile organic compounds (VOCs)

PROSAVE™ INGREDIENT MANAGEMENT

Ingredient Bins

Improved productivity through integrated lid and scoop system.

- Integrated lid and measuring scoop allows for quick one handed access to stored ingredients
- Clear window for fast ingredient identification and inventory management
- Seamless construction, rounded corners and smooth walls for easy cleaning
- Clasp secures lid to base to protect ingredient quality
- 7.6cm castors (on ingredient bins) enable easy movement within the kitchen to multiple prep stations
- Certified to NSF/ANSI/3-A and 2 Standards
- Commercial dishwasher safe
- Complies with FDA Food code 3-304.12 to increase inspection score

Shelf Ingredient Bins

The only storage system to access ingredients when stacked.

- One-handed access while stacked improves space efficiency
- FIFO (First In First Out) barrier for proper food rotation improves food quality

DID YOU KNOW?

Dedicated internal scoop storage meets safety compliance.

Speed up food preparation with one-handed access.

Ensure proper food rotation with FIFO barrier.

SMART APP

The Rubbermaid Commercial Products (RCP) Smart App is the first of its kind in the commercial cleaning industry.

The RCP Smart App is our FREE training platform designed to equip users with easy access to essential training, empowering users to perform their duties more efficiently and effectively when using Rubbermaid Commercial Products.

MULTIPLATFORM ACCESSIBILITY

Use the RCP Smart App:

1. On your smart device (phone or tablet) by downloading the RCP Smart App from Google Play or the App Store.

2. On your computer/desktop by using the URL: www.smartapp.rcpanz.com.au in your web browser.

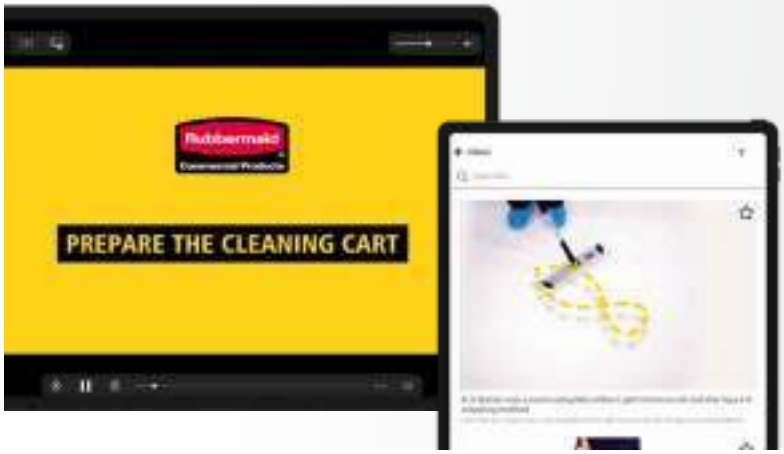

ONE TOUCH

Scan a RCP Smart App QR Code in your facility to instantly view the relevant training content.

Facilities can print RCP Smart App QR Codes and stick them on RCP equipment or within rooms, to guide users directly to the relevant training content.

ON THE GO TRAINING VIDEOS

Get FREE access to all our training videos whenever and wherever you are.

This includes access to:
Quick how-to videos (1-3 mins) and
In-depth training videos (10-15 mins)

ACCESS TRAINING MANUALS AND TOUCHPOINTS

Get instant access to our training manuals and touchpoint materials to educate users on best practice cleaning techniques and frequently touched surfaces.

DIGITAL PRODUCT CATALOGUE

Browse through all our products and categories with the digital product catalogue. Easily add products to your cart and submit to our Rubbermaid Specialists who will facilitate your request.
