

280ml / 8oz (80mm) Leaf Single Wall BioCup
BC-8-NZ

Paper BioCups are lined with a plant-based bioplastic and certified industrially compostable (AS4736). This 8oz Leaf cup fits our small lids. This cup was created in collaboration with Greenfleet to support the Wenborn Forest project in coastal Dunedin. Overlooking Otago Harbour, this restoration effort planted 30 fast-growing native species to recreate the pre-clearing ecosystem and provide habitat for unique local wildlife.
