# Bowl Blast

## Porcelain & Stainless Steel Cleaner/Sanitiser

Cleaner and combined disinfectant designed specifically for toilet bowl applications. Excellent for cleaning urinals and stainless-steel surfaces too. Formula viscosity specifically designed for bowl-cling to minimise scrubbing. Septic tank safe, when used as directed.

### Directions

Flush toilet, then squirt a liberal amount around the top of the bowl, beginning up under the rim to allow the product to cover all surfaces, and run down the surface.

Can be immediately scrubbed if needed but recommended to leave for 4-5 minutes to allow dwell-time to soften and release soiling. Flush to finish. Repeat if required.

When diluted at 1:4 with water Bowl Blast is an excellent heavy-duty shower and Bathroom cleaner and an ideal anti-bacterial spray and wipe product. Great on stainless steel.

### MPI Approved C32 (All animal product except dairy)

Dishes and equipment may be washed immediately or left to soak to improve results. May be rinsed prior to air or clean-towel drying. In food processing premises, after using this compound, food contact surfaces must be thoroughly rinsed with potable water before production starts.

### Features and Benefits

- Biodegradable
- Cleans & deodorises
- Pleasant fragrance
- Safe for end users
- Septic tank safe

### Available sizes with codes

**5L**  
BOWL05

**20L**  
BOWL20
