High Gloss Polish

Metal cross-linked floor polish and sealer with superior durable wet-look gloss. Flows evenly, levels quickly, drying to a lustrous finish. Subsequent coats apply smoothly without drag, pulling, streaking or clouding. Resists surface scuffs & heel marks allowing extended periods between maintenance. Suitable where slip resistance required. Ultra long-wearing finish with high speed burnishers.

APPLICATION

FLOORS: Medium traffic floor polish

DIRECTIONS

STEP 1: Apply to a clean neutral prepared floor by stripping old polish. We recommend the use of **KEMSOL K-STRIP**.

STEP 2: Using a clean finish mop or applicator, apply 3 or 4 coats. Allow 30 minutes drying time between coats. Increased gloss and durability can be achieved by additional coats.

STEP 3: Maintain finish by frequent dust mopping and wet cleaning with diluted **K-CLEAN** or **K-SLIK NEUTRAL CLEANER**.
