## ODOUR ELIMINATOR

### PURPOSE:

Green Rhino Odour eliminator has a special formulation that neutralizes any existing odours by trapping and absorbing odour molecules on contact. It is highly effective against a wide range of odours caused by food waste, smoke, faeces and more. It is ideal for dumpsters, waste compactors, rubbish bins, food processing waste areas and more.

### DIRECTIONS:

For rubbish bins: Spray neat into the bin and leave.

For carpet and upholstery: Lightly spray onto surfaces after cleaning.

Allow the product to dwell on the surface. Ensure the odour source has been removed before application. If odours continue, a second more thorough treatment may be required. Always test in an inconspicuous area first

### WARNING:

Harmful if swallowed.
