- ✓ Work from the ground safely

[www.hygienedirect.nz](http://www.hygienedirect.nz)

HyGeniePURE Genius Cleaning Systems are designed for exterior cleaning for residential or commercial use. Applications include exterior window cleaning (single or multi level), vehicles, motorhomes, boats, caravans or even exterior building washing.

### Stage 1 (pH0 system only)

Removes sediment, silt, sand and particulates from your water supply  
Stage 1 will even remove rust particles, algae and some heavy metals

### Stage 2

Removes 99.9% of mineral ions in your water supply including **calcium** and magnesium responsible for 'limescale' damage to shower doors and appliances. The water produced is called 'Pure' or 'Deionized Water'
