

MIRACLE

DESCRIPTION

MIRACLE is a thickened, liquid chlorinated cleaner specifically formulated to sanitise while quickly and effectively removing mould and stubborn stains.

MIRACLE is safe to use on: shower tiles and grouting, concrete, stainless steel, toilets and most hard surfaces.

FEATURES AND BENEFITS

- Viscous liquid.
- Contains 3.6%v/v available chlorine.
- Cleans, sanitises and kills mould in one application.
- Special thickening agent clings to the surface, making cleaning easier and reducing waste.
- Concentrated chlorine power makes fast work of mould removal.
- Rinses freely to leave a germ free, streak free surface every time.
- Leaves a pleasant “just cleaned” odour.
- Phosphate free.

DIRECTIONS

- **STAIN REMOVAL** – apply directly onto surface. Leave for 5-15 mins. If necessary, gently scrub to loosen stain, and rinse off with fresh water.
- **MOULD REMOVAL** – apply to affected area. Rub with damp cloth or soft scourer. Leave for 10 - 15 mins. Gently scrub lightly and rinse off with fresh water.
- **BATHROOM & KITCHEN FLOORS/HARD SURFACE CLEANING & DISINFECTING** – dilute 125mls of **MIRACLE** in 5 litres of water (1:40). Mop over floor, scrub lightly and rinse well.
- **TOILETS** – apply undiluted, brush then flush.

NOTE: All food processing surfaces must be rinsed with potable water after use. Not safe to use on soft metals, such as aluminium.

NOTE: Do not leave for extended periods on glass surfaces or soft metals. Apply, rub with a damp cloth or soft scourer, and then rinse completely. Do not apply to non colour fast surfaces.
