

Stokolan® Light PURE

Skin Conditioning Cream

PRODUCT DESCRIPTION

A mild perfume-free, dye-free and lightly textured skin conditioning cream enriched with a combination of skin moisturising ingredients to help care for the skin.

WHERE TO USE

For use by those with moderate skin dryness from daily working in industrial, food handling, healthcare, office and commercial areas.

After-work skin restore creams help to maintain the skin in healthy condition by keeping it strong and supple, avoiding dryness. Using restore creams is an important element in skin care best practice.

INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin prior to extended breaks and at the end of the working day
- Rub on all areas of the hands, including between the fingers and around the fingernails
- Can also be used on the face

FORMAT: **CREAM**

FEATURES	BENEFITS
Non-greasy, light formula	Designed for moderately dry skin to quickly absorb and encourage regular use, maintaining healthy skin condition.
Contains Shea Butter	A naturally occurring emollient to support the product's excellent skin soothing properties.
Contains Allantoin	Supports the moisturisation effect and helps condition the skin.
Contains Glycerin	Enhances the water holding capacity of the skin's upper layers and supports the skin's own moisture system.
Perfume-Free and Dye-Free	No added perfume or dyes. Ideal for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Awarded with the ECARF quality seal	Ideal for persons suffering from allergies and suitable for sensitive and eczema-prone skin.
Non-tainting and HACCP assessed formula	When used as directed in food production and preparation areas, the product does not influence the quality of foodstuffs or present any risk to the health of its consumers.
Glove Compatible	In independent testing, the use of Stokolan® Light PURE in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.
Silicone-free	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings.
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.

Stokolan® Light PURE

Skin Conditioning Cream

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/au/sds.

SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

SUITABLE FOR USE IN FOOD HANDLING

The use of Stokolan® Light Pure as per usage instructions, does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.

CERTIFICATIONS

ECARF Seal of Quality

The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products.

Cosmetics can receive this seal when following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

PRODUCT SAFETY ASSESSMENT

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Toxicological Approval

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

COMPATIBILITY TESTS

Glove Compatibility

In independent testing, the use of Stokolan® Light Pure in combination with reputable latex, vinyl and nitrile gloves does not to have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of Stokolan® Light Pure in rubber production process does not influence the cohesive strength of rubber.
