

SPICE DISINFECTANT

Space **SPICE DISINFECTANT** is a powerful disinfectant cleaner with a pleasant clean bouquet. It is a most effective disinfectant deodoriser for the protection of health.

USES

For sanitising, disinfecting, deodorising and re-odorising floors, walls, furniture, sanitary fittings, utensils, drains, appliances, equipment, swimming pools, industrial water systems, pavements and refuse containers.

DESCRIPTION

Space **SPICE DISINFECTANT** is a quaternary ammonium disinfectant which is lethal to a wide variety of micro-organisms. Its ability to rapidly penetrate infected material and destroy harmful bacteria makes it a valuable aid in maintaining a high standard of hygiene.

It not only disinfects, but it deodorises by removing the source of objectionable odours and re-odorises the air with a fresh clean smelling pine fragrance which persists long after use.

APPLICATIONS

For use in hospitals, hotels, motels, schools, theatres, clubs, commercial and industrial buildings, institutions, public conveniences, restaurants and vehicles.

DIRECTIONS

Heavily contaminated areas	1 to	20 of water
General disinfecting/cleaning	1 to	40 of water
Sanitising and fungi control	1 to	80 of water
Pool disinfectant, algae control in industrial water systems	1 to	1600 of water

NOTE

One capful to a bucket is approximately 1 to 40. Dilution with hot water gives the best results. Rinsing is not necessary. DO NOT MIX WITH SOAPS OR DETERGENT.
