## GS777 WALL DIAGNOSTIC SET LED

WA7771671ML

Includes LED:

- Coaxial Ophthalmoscope:
- 18 unique aperture/filter combinations for greater versatility
  - Polarizing filter virtually eliminates corneal reflection
  - Detect corneal abrasions with the cobalt blue filter
  - Compatible with all existing Welch Allyn 3.5 V power sources
  - Look for the traditional "flat-top" design you've come to trust

MacroView Otolaryngoscope:

- A nearly complete view of the tympanic membrane
- Better clarity and definition of landmarks
- The ability to adjust focus for variable ear canal length or farsighted eyes
- Tip grip for secure fastening and ejection of ear specula
- Fiber optics produce cool light with no reflections, no obstruction
- Twice the field of view and 30% greater magnification than traditional otoscopes
