

Reliable Backup Power for Your Vaccines

Keep vaccines safe.
Anytime. Anywhere.

ANKER SOLIX FM3800 CUSTOMER SET-UP GUIDE

Reliable Backup Power
for Your Vaccines

**5 YEARS
WARRANTY**

**10 YEARS
BATTERY LIFESPAN**

1 Download Anker App

Scan the QR code or search **Anker** in your app store. Download and install the **Anker app**.

GET IT ON
Google Play

2 Create Account and Add Device

Open the Anker app and create an account (or log in). Create an account and add your FM3800. Follow the on-screen instructions.

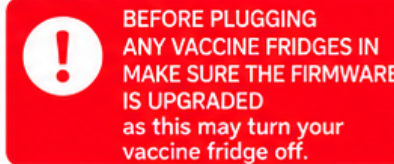

3 Connect to Wi-Fi

- 1 Press and hold the Wi-Fi button until the blue light starts flashing.
- 2 Hold your phone close to the FM3800 so it will connect to your phone.
- 3 Follow the on-screen instructions to connect to the FM3800 to your 2.4GHz Wi-Fi network.

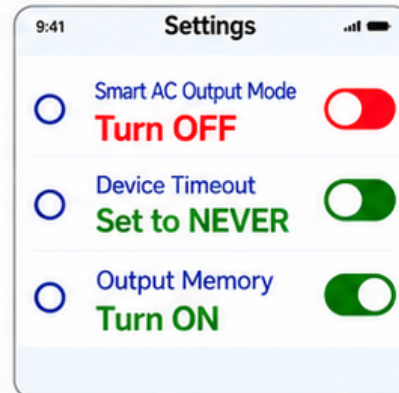

4 Upgrade Firmware

Once connected, check for and install the latest firmware update.

5 Set the Settings

In the app, go to **Settings** and adjust the following:

6 Key Buttons on the FM3800

7 Connect Your Vaccine Fridge

Plug your vaccine fridge(s) into the **bottom 4 x 10A AC outlets (green)** on the FM3800.

The top two 10A outlets (red) do not support UPS mode (backup power).

8 Simulated Blackout Test

Once everything is set up, turn off the mains power at the wall outlet to simulate a power outage. Check your fridge(s) are running on battery. Then turn the AC power back on.

Confirm your fridge(s) continue to run from the FM3800.
