FEATURES

Surface Mounted Vertical Classic Baby Change Station includes a concealed pneumatic gas spring mechanism for smooth, safe and effortless opening and closing. The compact, slim profile can fit into the smallest of washrooms. The hygienic, non-absorbent child safety strap features a lockable two step cam-buckle providing effortless size adjustment with one hand. This easy to clean unit resists odours and bacterial growth. Safety information and universal instruction graphics including Braille are illustrated on easy to read labels. Dual moulded liner dispensers hold approximately 25 liners each. Convenient bag hooks are located on both sides of unit.

INSTALLATION DETAILS

Simple and quick to install with step-by-step instructions and all mounting hardware supplied. Mounting caps provided to conceal screw holds for a quality finish. Unique wall bracket mounting system spreads load-bearing force on wall, improving safety and facilitating easy retrofitting.
