

WARRANTY

Properly fitted and maintained Lorient products are designed to match the performance lifecycle of the door to which they are fitted, subject to the conditions below. Products deemed to be defective may be replaced without charge during a 24 month period following their installation, following consultation with Lorient. Lorient shall have no obligation under this warranty or otherwise if:

- The product has been damaged by abuse, negligence, accident, or misuse
- The product has been affected by normal wear and tear.
- The product has been installed contrary to Lorient's published recommendations.
- The product has been altered or modified in any way or changed from its original supplied form

Since the actual fitting of the seals and the conditions of service are beyond our control, no liability can be accepted beyond the above commitment to replace defective goods. Technical data and recommendations are based upon Lorient's own factual research and experience. It is given in good faith but without warranty, we therefore urge users to independently determine the suitability of the products for their own particular application. Lorient reserves the right to alter the specifications, published information without notice.
