Mounting

- Surface Mount Concealed Fix

Dimensions

- ML6005_SS ML6005_DESIGNER**
290mm H X 100mm W x 120mm D

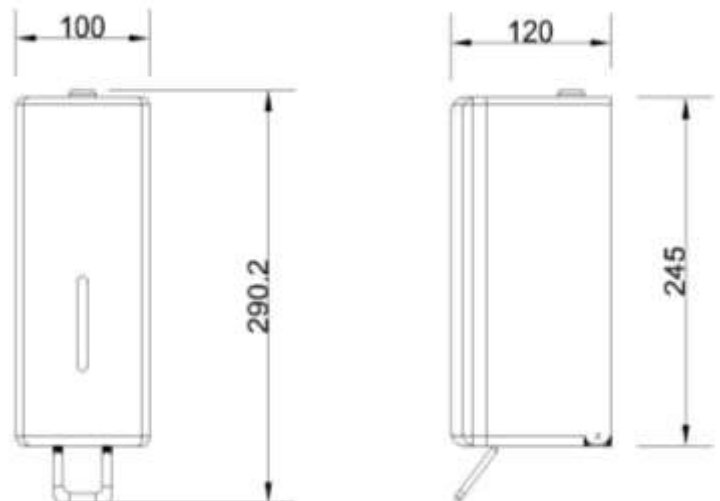

Finish

- ML6005_SS:** Satin Stainless Steel
- ML6005_DESIGNER:** Designer Black

Installation Guidelines

- May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.

- Using the key provided, unlock the unit.
- Using the separate mounting bracket provided, determine the appropriate installation height and location using the mounting holes on the bracket. 205mm H x 78mm W.
- Drill holes at the marked locations and insert plastic anchors.
- Fix the mounting plate into place with screws.
- Tighten all screws and ensure unit is level.
- Attach the soap dispenser onto the mounting bracket by pushing it down to lock into place.
- Re-tighten the screw from Step 1 to ensure that the unit is secure to the bracket.

Operation

- A commercial grade liquid soap with a Viscosity range of 1,000 – 5,000 cps (centipoises) and a PH level between 6.50 – 9.00 should be used in this dispenser to ensure the dispenser performs at an optimal level.

Features

- Surface mounted push up lever
