- Designer Black – **ML_STAND_BLK**
- White Powder Coat – **ML_STAND_WHT**
- Designer Black – **ML_HYGSTATION_BLK_BLK**
- Designer Black & Stainless Steel - **ML_HYGSTATION_BLK_SS**
- White & Stainless Steel – **ML_HYGSTATION_WHT_SS**
- White & Designer Black – **ML_HYGSTATION_WHT_BLK**

Dimensions

- 400mmW x 1440mmH

Installation Guidelines

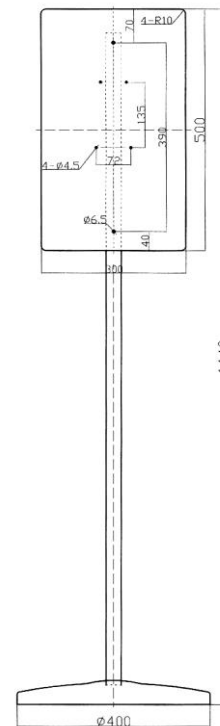

- May be subject to Australian Building Code Regulations for height and location fixing and may be subject to placement as per architectural drawings. In all cases, this is the responsibility of the installer.

For Stand Only:

1. Attach pole to base plate
2. Insert bolt under base plate and tighten firmly
3. Attach Face Plate to pole and tighten using the screws provided

Hygiene Station Mounting:

1. Attach pole to base plate
2. Insert bolt under base plate and tighten firmly
3. Attach Face Plate to pole and tighten using the screws provided
4. To mount the dispenser, insert screw and washer through the dispenser backing plate and face plate.
5. To secure, add washer and M3 nut on other side of face plate and tighten (apply step 4 & 5 to other three mounting holes).

Operation

- Sanitiser spray is automatically dispensed when hands are placed in/under sensor zone.

Consumable Advice

- Please ensure to clean the sanitiser container properly before each re-fill as deposits of old consumable will lead to malfunction and jamming.
- A 75% ethanol alcohol-based disinfectant spray with a PH level between 4.3~8.3 and a Viscosity Range of 1cps should be used in this dispenser to ensure the dispenser performs at an optimal level. * Any liquids not within these ranges may cause the unit to operate at a sub-optimal level, fail or damage the unit and could void the Metlam Australia product warranty.
