

Padlock Accessories

Padbolt

Lockwood Padbolts are designed for both barrier and deterrent applications.

Features and Specifications

- Hardened steel shackle cover for added strength
- High cut resistant hardened steel construction
- Tamper resistant fasteners included
- 12.5mm bolt diameter

Security

Security Rating 7

Corrosion Rating 3

The security rating was achieved using the fasteners supplied in the pack. The use of fasteners other than those supplied may affect the security of this product.

Pack Variations

Available in display pack only.

Choosing the Right Padlock

For the best results it is recommended that a Lockwood padlock with the same security rating as the accessory is selected.

When the padlock and accessory are combined the lower of the two respective ratings will apply.

Product Details

Functions	Durable hardened steel
Materials	Corrosion resistant black coating

Standards and Compliance

SP7

Physical Security grades are employed for padlocks. These grades are defined in part by the effective differs and key combinations. Padlocks Physical Security (SP) grade 7

SHELTERED

Corrosion Resistance Rating C3: Environments that are sometimes damp in the majority of normal rural and suburban localities, including interiors where condensation may occur.

Designed and tested to the Australian Padlock Standard AS4145.4 2002 and are rated for both security and corrosion resistance.

Padbolt

Part Number	Description
PA/33/200/DP	200mm long heavy duty

Product Details – Dimensions

PA/33/200/DP	200	52	20	38	40	63	12.5	11	7	3

Locking Plates

Lockwood Locking Plates are designed for surface mounting and side mounting where general purpose security is required.

Features and Specifications

- High cut resistant hardened steel construction
- Bolt through fixing for added strength and security on surface mounted plates
- Tamper resistant concealed fixing on side mounted plates
- All fasteners included

Security

Security Rating 5 and 6

Corrosion Rating 3

The security rating was achieved using the fasteners supplied in the pack. The use of fasteners other than those supplied may affect the security of this product.

Pack Variations

Available in display pack only.

Choosing the Right Padlock

For the best results it is recommended that a Lockwood padlock with the same security rating as the accessory is selected.

When the padlock and accessory are combined the lower of the two respective ratings will apply.

Product Details

Functions	Durable hardened steel

Locking Plates with Shackle Guard

Lockwood Locking Plates with Shackle Guard are designed for surface mounting where high security is required.

Features and Specifications

- Hardened steel shackle guard
- High cut resistant hardened steel construction
- Bolt through fixing for added strength and security
- High tensile 6mm coach bolts, nuts and washers included

Security

Security Rating 7

Corrosion Rating 3

The security rating was achieved using the fasteners supplied in the pack. The use of fasteners other than those supplied may affect the security of this product.

Pack Variations

Available in display pack only.
