

Kitchen/Food Preparation

# Sparkle

## Glass Pre-Soak

**Sparkle is a powerful powder for the presoaking of glassware & tableware. Sparkle is designed to remove even old & stubborn stains with minimal effort, leaving spot and streak free results.**

### Directions

For Soaking use at a ratio of 6gm per litre of water. Soak cutlery, glassware, and/or crockery items for a minimum of 2 minutes. Thoroughly rinse to finish.

For CIP Rinsing use at a ratio of 3gm per litre of potable water, pump or allow to flow through system, and rinse surfaces to finish.

For Fogging use at a ratio of 6-12gm per litre of potable water, and spray all surfaces thoroughly.

A full included scoop provides approx 40gm.

### Features and Benefits
