SCIENTIFIC

Bioreactor | Fermentor | Photobioreactor

One System. Many Possibilities.

From R&D to scale-up, IKA Habitat Bioreactor supports your bioprocess journey.

Why Choose the IKA Habitat Bioreactor?

Performance & Efficiency

- High-speed motor
- Fast heating & cooling

Smart Design

- IR foam detector
- Easy to clean
- Autoclavable parts

Compatibility

Compatible with:

- Glass vessel 250mL to 10L
- Single use vessel 3L

Easy to Use

- Mobile-friendly software
- CSV / PDF export

Reliable Data Management

- Secure data storage
- Auto-resync, no data loss

Precise Control

- Temperature, pH, dissolved oxygen, level, gas flow and more
