

Glaze Sheen

Technical Bulletin

Product Description

Glaze Sheen contains a blend of solvents and detergents to effortlessly remove soils and evaporate off to a streak free finish.

Glaze Sheen isn't just for windows and mirrors. It can be used on stainless steel and chrome, lift marks from doors, handles, handrails etc. and leave a sparkling finish.

Applications

Simply spray onto surface and wipe off with a clean lint free cloth or paper towel.

New microfibre cloths used in conjunction with Glaze Sheen give outstanding results.

Soiled surfaces need to be pre-cleaned with any appropriate hard surface cleaner, such as Dominant All-Purpose Cleaner, Laser or, for heavy soils, Breakaway.

Glaze Sheen is a Ready-To-Use (RTU) product and formulated to be used undiluted.

Technical Data

Glaze Sheen contains a blend of water soluble solvents and biodegradable detergents for fast effective cleaning.

It has a pH of 7.7 in the neat form.
