

Cafe SA12

Technical Bulletin

Product Description

Cafe SA12 is an unperfumed detergent. This means it cannot taint foodstuffs with fragrance.

It is an economical product making it ideal in areas where staff may over use products. Cafe SA12 is suitable for use in all food preparation areas.

Applications

For manual dishwashing use Cafe SA12 at a dilution of 5-10 mL in a domestic sink.

In a commercial sink use 25-50 mL per 50 litres capacity. For general cleaning use at a rate of 2 mL/litre.

If using through a dispensing bottle, do not dilute with water before adding to the bottle as this will dilute the preservative.

Dilution Rates

General Dishwashing: Use at dilutions from 1-5ml/L, dependant on the type of application and degree of soiling.

Technical Data

Cafe SA12 is a neutral pH detergent for manual dishwashing. The detergents in Cafe SA12 are classified as readily biodegradable.

Pack Sizes

200L Drum	C10314
