

CHILL TOWEL

PART NUMBER: CSB

DESCRIPTION

Chill Towels are designed to assist with Heat Stress prevention by promoting the body's thermoregulation.

Cooler skin contributes to a number of physiological advantages:

- Less output is directed toward the skin
- A lower core body temperature

The THORZT Chill Towel stays cool for hours with no refrigeration or cold water needed - just 'Wet, Wring and Wave'.

The THORZT Chill Towel is made from PVA material which can retain moisture for periods far longer than conventional towels, and contains a special plant extract that (once activated) turns moisture cold regardless of its initial temperature.

The THORZT Chill Towel is machine washable.

FEATURES AND BENEFITS

- Promotes Thermoregulation
- Reduces Heat Stress risks
- Comforts and cools the skin
- Looks as cool as it feels

PRODUCT DETAILS

Size: 75cm x 32cm

Ctn Qty: 20

CARE INSTRUCTIONS

It is recommended that the Chill Towel is washed or rinsed before use.

When finished using, fold the damp Chill Towel and return to packaging - do not fold when dry. It's microbial properties will prevent the growth of mould and mildew. Machine wash with mild detergent. Do not put in dryer.

ACTIVATION

1. Submerge the THORZT Cooling Towel in any temperature water and let it soak for 1 to 3 minutes.
2. Wring out the excess water, leaving it nice and moist.
3. Take hold of two corners, and wave it up and down for about 10 seconds.
4. Wrap it around your neck or other warm point on the skin for instant cooling relief.

REACTIVATION

Give it a quick wave every 15-20 minutes to reactivate the cooling process. Re-wet every few hours if needed.
