

# GLEAM

WATER BASED VINYL RESTORER

► **RIGHT PRODUCT** ► **RIGHT ADVICE** ► **RIGHT AWAY**

## DESCRIPTION

Gleam is a combination of Hi-Tech silicones that are designed to leave a protective film on the surface of vinyl, plastic and rubber resulting in a fresh new appearance and providing protection from our harsh environment.

## APPLICATION

Gleam is a water based vinyl cleaner, restorer and protector suitable for use on vehicle interior.

## DIRECTIONS FOR USE

Use as supplied through a dispenser bottle.

Apply directly to surface or via a soft cloth and spread over the entire area to be treated. For best results allow a few minutes to dry and buff with a clean, dry microfibre cloth.

## FEATURES & BENEFITS

- Water-based
- Vinyl restorer
- Designed for internal trims
- Leaves a protective film
- Use as supplied
