# TouchPoint Hand Sanitise Alcohol Wipes

Kill 99.9% of germs in seconds. They prevent cross-contamination while they sanitize and are more convenient and easier to use than traditional hand washing with soap and water.

Liquid and gel wipes can be very messy and end up on the floor. This special formula cleans and sanitizes without all the mess.

Use these wipes to sanitize your hands anywhere particularly in medical offices, nursing homes, day care centres, schools, jails, gymnasiums, restaurants and hotels .

**Available in 70 wipes dispenser**

**USES:** For hand-washing to decrease bacteria on the skin, only when water is not available. After changing diapers. After assisting ill persons.

For disinfecting TouchPoints in Office, Aged Care holes, Hospitals, Schools, Universities, Restaurants.

## FEATURES

- Reduces 99.9% of harmful germs and bacteria on your hands.
- Formulated with Aloe and antioxidant Vitamin E to moisturize the skin.
- Unlike runny sanitising gels, wipes do not cause a mess.
