

# BLEACH

BLEACHING AGENT AND SANITISER

► **RIGHT PRODUCT** ► **RIGHT ADVICE** ► **RIGHT AWAY**

## DESCRIPTION

**Bleach** is a chlorine activated bleach and sanitiser for use in laundries, kitchens, restaurants, bathrooms and toilets.

## APPLICATION

**Bleach** can be used for the stain removal of kitchen crockery and utensils; Bleaching of fabric in laundry areas; hard surface sanitising in bathrooms and kitchens; and cleaning and sanitising of toilets and urinals. Always check surface sensitivity in an inconspicuous area to ensure product and surface suitability.

## DIRECTIONS FOR USE

**Laundry Bleach:** – Add 200ml of Bleach to hot water wash before adding clothes. Allow 5 minutes to soak, then wash on normal cycle with Bluzon laundry powder.

**Bathroom & Kitchens:** – To remove mould, mildew, stains and soap scum from hard surfaces dilute ½ cup (125ml) of Bleach in 1ltr of cold water and apply to surface to be cleaned and sanitised. Leave for a few minutes before scrubbing and rinsing with clean water.

**Stain Removal:** – In order to treat tea, coffee, fruit, wine, blood and ink, soak stained item using 1 cup (250ml) of Bleach per 5ltr of cold water. Soak for 5-10 minutes then wash in the usual method.
