

Safety Data Sheet

Rapid Dry

1. Identification

Trade name of product : Rapid Dry
Other Shipping Name : None Allocated
Supplier Address : Morrison CQ Agencies
2/32 Knight Street North Rockhampton
QLD 4701 Australia

Supplier Contact Details : Phone: 07 4926 2099, email: admin@mcqagencies.com.au
Emergency telephone number : Poisons Information 131126
Material uses : Glass & Shiny Surface Cleaner

Product dilution information : Use as supplied

Date of issue : 1 October 2021

2. Hazards identification

Product AS SOLD and AT USE DILUTION

Classified as **NON-DANGEROUS GOODS** by the criteria of the Australian Dangerous Goods Code (ADG Code) for Transport by Road and Rail.

This material is **HAZARDOUS** according to Safe Work Australia's GHS Criteria.

Hazard Category

Eye Irritation – Category 2A

Specific target organ toxicity (single exposure) – Category 3

Flammable Liquids – Category 3

Signal Word: WARNING

Hazard Statements:

Causes serious eye irritation.

May cause respiratory irritation.

Flammable liquid and vapour.

Precautionary Statements:

Prevention:

Wash hands thoroughly after handling.

Wear protective gloves, protective clothing and eye protection.

Avoid breathing spray.

Use only outdoors or in a well-ventilated area.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Keep container tightly closed.

Ground and bond container and receiving equipment.

Use explosion-proof electrical equipment. Use non-sparking tools.

Take action to prevent static discharges.

Rapid Dry

Response:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

In case of fire: Use water based foam for extinction. Alternatively chemical powder or carbon dioxide.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTRE if you feel unwell.

IF ON SKIN (or hair): Wash with plenty of soap and water. Specific treatment (see section 4 of the SDS). If skin irritation or rash occurs: Get medical attention.

In case of fire: Use water-based foam, chemical powder or carbon dioxide to extinguish.

Storage: Store in a well-ventilated place. Keep container tightly closed. Store locked up. Keep cool.

Disposal: Dispose in contents/container in accordance with local regulations.

General Phrases: Keep out of reach of children.

3. Composition/information on ingredients

Product AS SOLD and AT USE DILUTION

Ingredient name	CAS number	Proportion %	TWA mg/m ³	STEL mg / m ³
Isopropanol	67-63-0	< 10%	None Allocated	None Allocated

Ingredients, determined not to be hazardous according to Safe Work Australia criteria, and not dangerous according to the ADG Code, make up the product concentration to 100%.

4. First-aid measures

Eye contact	: Rinse with plenty of running water. Seek medical advice if symptoms occur.
Skin contact	: Remove contaminated clothing (wash before re-use). Then rinse with plenty of running water. Seek medical advice if symptoms occur.
Inhalation	: Remove to fresh air. Seek medical advice if symptoms occur.
Ingestion	: Do NOT induce vomiting. Rinse mouth. Give water to drink. Seek medical advice if symptoms occur.
Notes to physician	: Treat symptomatically.

5. Fire-fighting measures

Extinguishing media	: Use water based foam to extinguish. Alternatively chemical powder or carbon dioxide.
Specific Hazards arising from the chemical	: FLAMMABLE liquid and vapour. Carbon monoxide may be evolved if incomplete combustion occurs on surface water. Vapour is heavier than air, can spread along ground and distant ignition is possible.
Special protective equipment and precautions for fire-fighters	: Fire fighters to wear self-contained breathing apparatus in the event of a fire.
Hazchem Code	: Hazchem Code not applicable

6. Accidental release measures

Rapid Dry

Personal precautions	: Use PPE when handling any spills, including gloves, safety glasses and appropriate footwear.
Environmental precautions	: Contain spill using appropriate bunding or capping.
Methods for cleaning up	: Spills may be slippery. Small spills use mop and bucket, for larger spills contain with absorbent material, collect and dispose.

Note: see section 8 for personal protective equipment and section 13 for waste disposal.

7. Handling and storage

Handling	: Use clean dispensing equipment, Use appropriate PPE, Always add product to water when diluting.
Storage	: Keep container upright and cool and dry. Ensure good housekeeping in storage area.

8. Exposure controls/personal protection

Occupational exposure limits	: No information available.
Engineering measures	: Use sensible work practices that reduce operator exposure to the product. Ensure that adequate ventilation is provided, and air is moving constantly in the area of use while drum is open. Avoid direct inhalation of mists. Keep containers closed when not in use.
Personal Protection	No PPE required under normal use. However, the following PPE may be considered to reduce risk of exposure.
Eyes	: Safety glasses are recommended if risk of eye contact exists.
Hands	: Gloves should be used for instances of prolonged contact. Use solvent resistant gloves (nitrile for longer term protection or PVC and neoprene for incidental splashes).
Respiratory	: Respiratory protection should be used if there is a risk of exposure to high vapour concentrations. Respirators should comply with AS1716 or an equivalent approved by a state/territory authority.
Skin	: Long sleeve shirt and trousers may be considered to reduce risk of chemical contact. Skin protection not ordinarily required beyond standard issue work clothes.

9. Physical and chemical properties

Physical state	: Clear Liquid
Colour	: Colourless
Odour	: Slight alcohol
pH	: Not determined
Flash point (°C)	: NA
Boiling point (°C)	: >100
Specific Gravity (g/ml @ 25°C)	: 0.97-0.99
Solubility	: Completely soluble in water

10. Stability and reactivity

Reactivity	: No reactivity known
Stability	: Stable under normal storage conditions
Possibility of Hazardous Reactions	: None listed
Conditions to avoid	: None listed
Incompatible Materials	: Strong oxidising agents

11. Toxicological information

Potential health effects

Ingestion	: May cause headaches, dizziness, and symptoms of central nervous system.
Skin	: Moderately irritating. Prolonged contact with concentrated product may cause dermatitis.
Eye	: May cause serious eye irritation.
Inhalation:	: Inhalation of vapour may cause irritation to the respiratory tract and nasal passages.
Chronic	: Prolonged contact with concentrated product may cause dermatitis and defatting of skin.

12. Ecological information

Ecotoxicity data

Persistence/degradability	: No known significant effects
Mobility in Soil	: No known significant effects
Other adverse effects	: No known significant effects

13. Disposal considerations

Methods of disposal	: Containers should be emptied as completely as practical before disposal. If possible, recycle containers either in-house or send to recycle company. If this is not practical, send to a commercial waste disposal site.
---------------------	--

14. Transport information

Regulation	UN Number	Proper shipping name	Class	Packing group	Additional information
ADG	None Allocated	None Allocated	None Allocated	None Allocated	None Allocated

15. Regulatory information

Classified as **NON-DANGEROUS GOODS** by the criteria of the Australian Dangerous Goods Code (ADG Code) for Transport by Road and Rail.

This material is **HAZARDOUS** according to Safe Work Australia's GHS Criteria.

This material is **NOT a SCHEDULE POISON** according to the SUSMP.

Hazard Category

Eye Irritation – Category 2A

Specific target organ toxicity (single exposure) – Category 3

Flammable Liquids – Category 3

Signal Word: WARNING

Hazard Statements:

Causes serious eye irritation. May cause respiratory irritation. Flammable liquid and vapour.

Precautionary Statements:

This Safety Data Sheet is the first issue under the direction of the PREPARATION OF SAFETY DATA SHEETS FOR HAZARDOUS CHEMICALS. The information sourced for the preparation of this document was correct and complete at the time of writing to the best of the writer's knowledge. The document represents the commitment to the company's responsibilities surrounding the supply of this product, undertaken in good faith. This document should be taken as a safety guide

Rapid Dry

for the product and its recommended uses but is in no way an absolute authority. Please consult the relevant legislation and regulations governing the use and storage of this type of product.
