Question Number	Line Number	Comments
All	N/A	The information contained herein is accurate to the best of our knowledge and has been provided in good faith; it does not constitute a guarantee of performance, rights to any patents or interllectual property, or permission to deviate from relevant local legislation. Users are advised to conduct their own tests and evaluations to ascertain its suitability for their own purposes.
3.4.2	N/A	Allergens cross contact is answered because some allergen-related products are stored in the same warehouse. However, all stored products are in their final, sealed packaging configurations and kept in standad sized warehouse racks. No repacking of this product thus the risk of cross-contamination is very low.
6.4.2	N/A	Pack weight is subject to change.

#### 8.2 ADDITIONAL MANUFACTURING SITE INFORMATION (if required)

When nominating product is supplied from more than one manufacturing site, the details provided must be applicable to product coming from any of the sites. For example, if particular allergens occur at only one site then the information provided in the form should identify that the allergens are present even though batches of product made at other sites may be allergen free.
