

MS 231 Chainsaw

Landowner Chainsaw Range

STIHL[®]

STIHL MS 231 C-BE WoodBoss™ Chainsaw with Rapid Duro 3

Great for cutting firewood. Side-mounted chain tensioning for safe and easy chain tensioning, long-life air filter system for long cleaning intervals, tool-free fuel caps for safe and easy refuelling, environmentally-friendly and economical 2-MIX engine.

Specifications

Displacement	42.6cm ³
Power Output	2.0kW / 2.7hp
Bar Length	40cm / 16"
STIHL Oilomatic saw chain pitch / type	.325" / Rapid Micro 3
Weight ⁽¹⁾	4.8kg

⁽¹⁾Without fuel, without bar and chain

Features

- Tough and reliable
- Less fuel, less emissions
- Heavy duty filter
- Anti-vibration system

Pre-separation air filtration system

The innovative long-life air filter system greatly extends the service life of the filter. Air routing removes larger particles of dirt, meaning the actual filter has less to do. So the saw can be used for longer without having to clean the filter.

Single-lever master control

All important functions such as start, choke, throttle and stop are operated via a single lever.

Compensator

This controller in the carburettor prevents the fuel-air mixture getting richer as the air filter becomes clogged. The correct quantity of fuel is delivered to the carburettor depending on the quantity of air passing through the air filter. This keeps the fuel/air ratio in the combustion mixture constant and hence also the engine power. The filter doesn't need to be cleaned until an appreciable drop in power occurs.

STIHL Ematic-System

The Ematic chain lubrication system ensures pinpoint lubrication of the saw chain links and guide bar rails. When used with STIHL OILOMATIC saw chain, it will provide maximum lubrication, longer wear and less oil consumption than conventional methods of chain lubrication. The Ematic system can reduce bar oil consumption up to 50%.

HD2-Filter

This air filter keeps even the finest dust away from the engine, ensuring a particularly long service life. Thanks to special material, the filter can be washed clean, for example with STIHL Varioclean and warm water.
