

MOTOWASH

Concentrated cleaner for bikes

Biodegradable

Plastic can with spray

TYPE OF USE

Powerful cleaner for the whole motorcycle

All surfaces : Plastic, synthetic fabrics, paintwork, varnish, metal...

For Motocross races where BIODEGRADABLE products are especially recommended by the organizers.

PERFORMANCE

Efficiently removes all traces of grease, dust, soil, mosquitoes, brake pad residue...

Dries evenly.

Leaves a dry anti-corrosion film.

Protects paintwork and varnish.

Biodegradable: MOTUL MOTOWASH is environment friendly.

RECOMMENDATIONS

Spray generously all over the whole motorcycle, using the "wide jet" position on the gun.

Allow to work for a few minutes.

Rinse with water, jet, or steam pressure.

For very dirty parts, repeat the operation using the position "directed jet" on the gun and rub with a sponge or a rag.

Use a soft cloth to obtain a perfect finish.
