LOGIFIX TAN NON-WOVEN RETENTION TAPE

2.5CM WIDTH  
MLNT2510  
$9.68

5CM WIDTH  
MLNT0510  
$13.52

10CM WIDTH  
MLNT1010  
$16.41

Features and Benefits
Logifix tan is widely used for dressing retention, fixation of drainage tubes and catheters, securing of absorbent pads and gauzes. Logifix Tan consists of a soft tan coloured non-woven tape with a strong acrylic adhesive backing.

Logifix Tan is ideal for use in visible areas, as it is designed to blend with the patients skin.

• Soft tan coloured non-woven tap with a strong acrylic adhesive backing.
• One-way stretch to allow greater patient mobility.
• Split paper backing makes the tape easy to remove and apply.
• The front of the box tears away allowing it to double as a neat dispenser.

**Vaccine Fridge Sale**

**Medisafe Plus Vaccine Fridges**

The Medisafe Plus Family of medical fridges are purpose-built for vaccine storage and are designed and built in Australia.

Medisafe Plus cloud monitoring is now a standard on all Medisafe Plus units, with 12 months free access to the portal. The cloud monitoring acts as an automated data logger which allows you to view and print your temperature chart with Min and Max and also data in real-time on any web-enabled smartphone, tablet, or computer from any location.

**Features and Benefits**
- 24 months Parts and Labour warranty
- Dedicated 24-hour technical support
- QCPP cold chain accredited
- Min/Max Controller
- Temperature Controller
- Dual temperature probes for ambient and simulated vaccine temperatures
- AQ Box Cloud Monitoring — with SMS and email alerts of power or temperature failure
- Audio/Visual alarms
- Lock and Key
- Adjustable shelves
- Low Energy Consumption

**Price List**

- **HB80** 80L

- **QUIFK371** 381L
  - **$3,295**

**AQ Box Cloud Monitoring**

**Free with any new Medisafe Plus Refrigerator Purchase + Bonus 12 Month Subscription**

**Features and Benefits**

The AQ Box is a device that is installed to a Medisafe Plus refrigeration unit or existing fridge and enables a user to have remote information sent to both monitor the cabinet temperature and also send notifications of faults with in the cabinet. This system can monitor the unit and you will be informed via an email or text, if there is a power failure, or your product / cabinet temperature is fluctuating outside the set temperature parameters. It automatically logs data to the Cloud where you can access information anywhere you have Internet access. With minimal monthly cost the AQ Box enables you to respond quickly to ensure product integrity.

**UPS & Battery Back Up Pack**

**Uninterrupted Power Supply**

**UM-IP2000TSB**

- **$3,312**

**Features and Benefits**

The UM-IP2000 UPS and battery back up unit is specifically designed for Medical refrigeration providing extended power back up during a power outage. The UPS and Battery pack provides up to 8 hours run time when attached to a medium sized refrigerated cabinet (average cabinet size 300L)

- Internal power surge, short circuit, and over heating protection
- Easily visible LCD showing operation status - mains or battery, battery charge level, estimated back-up time remaining on the battery and current connected load
- Power Output of 1800W
- 3 Year Warranty

**Prices**
