180° Ultra Panoramic View

Introducing dynamic stitching and dual sensors for a seamless 180° panoramic view with 58° vertical coverage, delivering edge-to-edge clarity with zero distortion. This innovation significantly reduces blind spots and enhances detail capture across a wider area, marking a breakthrough in panoramic surveillance.

Precise Strobe Deterrence

Experience next-level security with powerful Active Deterrence. Upon detecting human or vehicle movement in the specific area, the camera instantly switches to TrueColor mode, capturing high-resolution video while the White Flashing Light strobes to deter intruders. Combined with advanced VCA analytics, it ensures unmatched protection and proactive threat prevention.

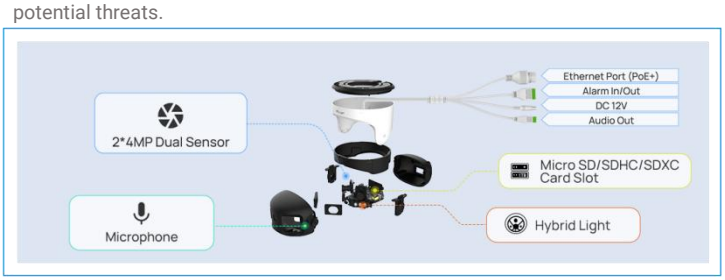

Night Vision with TrueColor Technology

Featuring 30m IR, 25m White Light, dual 4mm F1.0 large-aperture lenses, and a 1/1.8" Starvis Starlight Sensor, this camera delivers ultra-high 2×4MP resolution, ensuring sharp, clear images with true-to-life colors even in complete darkness, providing a superior TrueColor imaging experience.

Edge-Cutting Industrial Design

Milesight's innovative industrial design, including Alarm In/Out, Microphone, Hybrid Light, and 1TB SD Card Slots ensures seamless adaptability for various surveillance needs. With IP67, IK10 ratings, and the TMP 2.0 chip reinforces hardware security, providing enhanced protection against potential threats.
