

Catalogue number: **PL22D-□□□□**

PL22 Eureka Test Type Indicator LED Lights

PL22 Eureka Test Type Indicator

- Degree of Protection; IP65
- 24VAC / DC or 240VAC
- Rated Insulation Voltage 500 VAC
- Temperature and Heat Resistant
- Available in either Red, Green, Blue, Amber or White.
- With LED Cluster indicator and a solid lock ring
- EMC Compliant to AS/NZ 61439

PL22D-		□□□□	
Rated Voltage		Colour	
24	24 VAC / DC	R	Red
240	240 VAC	G	Green
		B	Blue
		A	Amber
		W	White

Properties	
Manufacturer	Eureka
Product Range	PL22 LED Test Type Indicator Lights
Degree of Protection	IP65
Power Frequency withstand voltage	1.89kV / .5 sec (AC Value)
Insulation Resistance	100M Ω
Allowable Voltage Fluctuation	± 20 %
Continuous Operating Life	30,000 Hrs+
Brightness	100 cd / m²
Rated Voltage	24 VAC/DC, 240 VAC
Frequency	2 - 80 Hz
Ambient Temperature	-25°C to + 55°C
