Cat6A TS series Outlet Keystone or Clipsal Style

- For Keystone or Clipsal Faceplates
- Use with Garland's TS series tool for quick & reliable termination
- Also compatible with 110 and KRONE type tools
- Colour coded for both 568A and 568B wiring
- ACMA compliant
- Packs of 12

Garland TS series outlets are designed to be easy to use and fit both Keystone and Clipsal Mech30 style faceplates.

Used with Garland's TS series tool¹, all eight wires in the outlet can be terminated in one simple action allowing for faster and more reliable terminations.

The IDC will also accept standard 110 and KRONE type tools and is colour coded to both 568A and 568B wiring schemes.

Electrical Characteristics

Details	
DC Interface Resistance	20 milliohms
DC Resistance Imbalance	2.5 milliohms
Insulation Resistance	>100 Megaohms
