

Colours available

Brushed Stainless Steel

**Model: N512-SX**  
**Part No: DOR130**

## Function

### Power to lock, 12v DC

Power to Lock strike. The strike will lock when power is applied and will open when power is removed.

## Features

- Power to LOCK
- Operates on 12v DC
- Low Current draw at 125mA DC
- Narrow style face plates, will fit most door frames
- Ideal for, Intercoms or Access Control applications
- Latch & Bolt G/L face plates available
- Strong durable construction
- Built to ISO9227 standards
- ECONOMICALLY priced
- 5 Year Manufacturers Warranty

C-Tick Certified

CE Approved

TUV Approved

5 Year Warranty
