

LED LENSER®

P5R CORE

PART # TH100136

DETAILS

The P5R Core is lightweight (75 g) and extremely compact, so it fits comfortably in the pocket of a jacket or trousers. Despite its compact size, it packs a powerful light punch, is extremely weather-resistant and equipped with the latest light technologies. Light functions can be customised to the user more easily than ever before with the Smart Light Technology. The Magnetic Charge System provides easy charging of the battery and thanks to the Flex Sealing Technology, the lamp can easily handle prolonged submersion in water.

FEATURES

- Advanced Focus System for efficient, precise flood and spot lighting
- Smart Light Technology for custom light functions
- High protection against dust and water (IP68) through Flex Sealing Technology
- Constant Light for constant luminous flux over a long period of time
- Convenient charging of the battery with Magnetic Charge System

SPECS

Lumens: 500lm (Boost) - 350lm (Power) - 130lm (Mid Power) - 15lm (Low Power)

Beam distance: 250m (Boost) - 180m (Power) - 110m (Mid Power) - 40m (Low Power)

Runtime: 1h (Power) - 3.5h (Mid Power) - 25h (Low Power)

Weight: 106g (incl. batteries)

IP Class: IP68

Features: Dimmable, Transportation lock, Flicker Free, Memory Function, Back-Up Light

Technology: Advanced Focus System, Smart Light Technology, Magnetic Charge System, Emergency Light, Temperature Control System, Flex Sealing Technology
