

### Carbine CBS Mini Push Lock

**Make:** Carbine Hardware

**Type:** Window Locks and Hardware, Window Casement Locks and Fasteners

**Per Pack:**      **Per Box:**

Carbine window locks offer a higher level of modular security for all general use window applications. Ease of installation and high security make this product the leader in it's field. Features include:

- Stylish design
- Easy to install
- Utilizes 2 different types of barrels. Our patented C4 wafer barrel allows the use of C4 5 and 6 pin keys
- Or LF wafer barrel allowing the use of Keyline LF29S (Silca LF43R), Keyline LF16 (Silca LF6R) and GA1 keys.
- Easily rekeyable
- Can be supplied less barrel to allow easy choice of barrel system (see Carbine window lock barrels in the Cylinders dept for details)
- Display pack models come complete and standard with a C4 keyway in single and four packs
- Designed to suit casement window applications
- Patented locking bolt mechanism for easy handing and insertion and quick release bolt removal system
- Locking bolt covers screws so no need for one way screws
- Locking bolt can be locked and retained in both locked and unlocked positions
