

product release

The new CL400 ADA Magnetic matches the look and functionality of the existing CL400 Magnetic range of pocket door hardware, with added disabled access functionality.

Utilising the patented magnetic mechanism of the CL400 Magnetic, this new addition to the range provides flexibility for building owners. The CL400 ADA uses the same door cutout and striker and is able to be retrofitted over existing CL400 flush handles for the requirements of disabled tenants.

## Features

- Easy to use - offset handle requires no tight pinching or twisting of the wrist.
- Privacy, Passage and Bi-Parting options available.
- Privacy option supplied with red/green engaged/vacant indication as standard.
- Striker sits flush with closing jamb.
- Matches other hardware in the CL400 range.
- No on site alteration of handle is required
- High quality engineered components
- Suitable for cavity or surface sliding doors.
