

SpillSmart

120L GENERAL PURPOSE SPILL KIT

PRODUCT INFORMATION SHEET

Overview

SpillSmart 120L General Purpose Spill Kit is a versatile, mid-capacity solution designed for rapid response to medium-sized spills. Housed in a durable wheelie bin, it provides all essential absorbents and containment tools for efficient clean-up of oil and water-based liquids.

Features

- Complete spill response solution
- Mid-capacity for general site use
- Includes FloorSweep, socks, pillows and pads
- Mobile wheelie bin for easy deployment
- Suitable for oil and water-based liquids
- Customisable to site requirements

Description

SpillSmart 120L General Purpose Spill Kit is engineered to deliver a fast and effective response to medium-scale spill incidents across industrial and commercial environments.

The kit includes a balanced combination of high-performance absorbents such as Floor Sweep, pads, socks, and a pillow, enabling users to contain, control and absorb a wide range of liquids including oils, fuels, coolants, paints and other non-hazardous fluids.

Supplied in a durable, high visibility 120L wheelie bin, the kit can be easily transported to the spill location, ensuring rapid deployment when needed. Its compact footprint compared to larger kits makes it ideal for positioning in key areas across a site.

By providing all essential spill response components in one centralised unit, the kit helps reduce clean-up time, improves site safety and support environmental compliance obligations.

DESIGNED FOR:

- Medium spill incidents
- Workshops and service areas
- Warehousing and storage facilities
- Manufacturing and industrial sites
- Forecourt and fuel handling areas

SPECIFICATIONS:

- 120L capacity wheelie bin
- Includes Floor Sweep absorbent (multi-bag)
- Pads, socks and pillow included
- PPE and disposal components included
- Suitable for hydrocarbons and water-based liquids
- Australian Made
