

SpillSmart

240L GENERAL PURPOSE SPILL KIT

PRODUCT INFORMATION SHEET

Overview

SpillSmart 240L General Purpose Spill Kit is a high-capacity, fully equipped solution designed for rapid response to large spills. Housed in a durable wheelie bin, it provides all essential absorbents and containment tools for efficient clean-up of oil and water-based liquids.

Features

- Complete spill response solution
- High-capacity for large spill incidents
- Includes FloorSweep, socks, pillows and pads
- Mobile wheelie bin for easy deployment
- Suitable for oil and water-based liquids
- Customisable to site requirements

Description

SpillSmart 240L General Purpose Spill Kit is engineered to provide a fast, effective response to large-scale spill incidents across industrial and commercial environments.

The kit contains a comprehensive selection of high-performance absorbents, including FloorSweep, pads, socks and pillows, designed to contain, control and absorb a wide range of liquids such as oils, fuels, coolants, paints and other non-hazardous fluids.

Supplied in a durable, high-visibility 240L wheelie bin, the kit can be easily transported to the spill location, allowing for rapid deployment when time is critical. The mobile design ensures that all essential spill response materials are kept together and readily accessible.

By enabling immediate containment and clean-up, the kit helps minimise spill spread, reduce clean-up time and support safer working conditions. It also assists sites in meeting environmental compliance and duty of care obligations.

DESIGNED FOR:

- Large spill incidents
- Warehouses and distribution centres
- Manufacturing facilities
- Mining and industrial sites
- Fuel and chemical storage areas

SPECIFICATIONS:

- 240L capacity wheelie bin
- Includes FloorSweep absorbent (multi-bag)
- Pads, socks and pillows included
- Full PPE and disposal components
- Suitable for hydrocarbons and water-based liquids
- Australian Made
