

# Panasil® Putty Fast, Putty Soft and Putty

Panasil® Putty is a classic kneadable precision impression material available in a tub. Thanks to continuous refinement, you benefit from 35 years of experience, quality, and reliability.

## Easy processing

- ✓ Can be very easily trimmed.

## Precise while also very cost effective

- ✓ Dimensionally stable and outstanding price/performance ratio.
- ✓ Extra high dynamic pressure for optimal flow.

## Always the right product

- ✓ The Fast version has a short intraoral setting time and a high final hardness (Shore A 66).
- ✓ The Soft version has a lower final hardness (Shore A 60) to ensure its removal from the mouth is even easier.
