

Panasil® tray Fast Heavy and Soft Heavy

Panasil® tray is a high-viscosity, stiff Heavy body based on A silicone for precision impressions available in the 5:1 jumbo cartridge.

Easy processing

- ✓ High dynamic pressure and can be very easily trimmed.

Security thanks to precision

- ✓ Dimensionally stable elastic recovery and consistent quality thanks to exact, reproducible dosage from the easy to use jumbo cartridge.

Always the right product

- ✓ The Fast version has a short intraoral setting time and a high final hardness (Shore A 62).
- ✓ The Soft version has a lower final hardness (Shore A 55) to ensure that it can be removed even more easily from the mouth.
