

Sympress

Electrical dispensing and mixing system for automatic mixing of impression materials of the Kettenbach Plug & Press® system and similar systems in a mixing ratio of 5:1 (materials in foil bags and jumbo cartridges).

Advantages

- ✓ Exact, standardized dispensing, mixing and delivery provides a reproducible mixing quality independent of the operator
- ✓ Homogenous, bubble-free mixing ensures optimum material properties and impression results
- ✓ Hygienic working at the press of a button; only the required amount of material is delivered
- ✓ Flow rate can be selected for loading trays or syringes, automatic forward and return flow
- ✓ State-of-the-art technology: easy, reliable operation, outstanding service, 3-year manufacturer guarantee

3-year
manufacturer
guarantee!

Technical data

Mains voltage:	230 V, 50 Hz	Weight (empty):	7.0 kg
	120 V, 60 Hz	Noise level:	< 70 dB(A)
	100 V, 50/60 Hz		
Power input:	170 W		
Dimensions (height x width x length):	330 x 190 x 380 mm (13 x 7.5 x 15 inches)		
Mains input fuse:	2 x 1,6 A (T) (230 V); 2 x 3,15 A (T) (100 V/120 V)
