

ARTLINE set, 3 instruments  
in wooden case 850-0000

### ARTLINE Instruments

Modelling instruments are daily tools for dental technicians. Being aware of this importance our ARTLINE, ARTLINE plus and ARTLINE NAT instruments were created according to the latest knowledge of ergonomics, they are temperature isolated and non-slippery. The tips are made of high-quality steel, are hand-sharpened and polished.

All ARTLINE instruments are “**MADE IN GERMANY**”.
