GREEN RHINO®
CLEANING SOLUTIONS

ACID DESCALER

TECHNICAL DATA SHEET

DESCRIPTION:

Green Rhino® Acid Descaler removes mineral deposits and sanitises. Suitable to remove the heaviest lime scale build up from dishwashing & glass washing machines.

DIRECTIONS:

Switch off the machine's dosing equipment (if applicable). Dilute **Acid Descaler** depending on the build up of scale and spray directly onto the affected areas. Run the machine and rinse thoroughly with clean water. Repeat as often as required until **Acid Descaler** residue is gone. This can be added to your washing machine as part of the normal cycle.

APPLICATIONS:

- Use on different surfaces like iron, stainless and galvanised steel
- Removing calcium, limescale, mineral and water hardness deposits
- Can be used on automatic dishwashing and glass washing machines, kettles, coffee machines, showerheads, etc

PROPERTIES:

A sharp, acidic liquid with a pH of <1

Descaler

WARNING

Available Sizes:

GRKD-1

Protective Equipment:

Gloves

Goggles

Mask

Clothing

WARNING: Harmful if swallowed. Liquid is corrosive to mucous membranes. Extremely irritating to eyes, can cause damage. Extremely irritating to skin can cause immediate burns. Vapour is corrosive and irritating to the respiratory tract. Exposure to high concentrations may cause bronchitis.

FIRST AID:

EYE: Hold eyes open and flush with water. If irritation occurs obtain medical attention.
SKIN: Wash thoroughly with soap and water.
INGESTION: Give large quantities of milk or water. Do not induce vomiting. Seek medical attention immediately.
INHALATION: Remove to fresh air. If breathing is difficult, seek medical attention immediately.

If medical advice is needed have the product container/label at hand. In an emergency phone the National Poison Centre. (24 hrs): 0800 POISON[764 766].

OUR VISION AND MISSION:

To be the leading value-based provider to the market. We have a dedicated team to achieve excellence for our customers and a philosophy of total quality. We conduct business and create relationships in an ethical and sustainable manner with customers, our community and the environment. The value we provide our customers is the opportunity to increase profit through lower cost solutions that do not sacrifice quality or service.

ENVIRONMENTAL POLICY:

Green Rhino is committed to leading the industry in minimising the impact of its activities on the environment. The key points of our strategy to achieve this are: Purpose built premises utilising energy efficient technology and rain water collection. Actively promoting recycling both internally and amongst our customers and suppliers. To develop and promote a product range to minimise the environmental impact of our products. We are constantly evaluating and looking at substituting to a more environmentally friendly composition of raw materials for our products. To meet or exceed all the environmental legislation that relates to our industry.

DISCLAIMER:

The technical data and information provided, including the recommendations for applying & using our products, is given in good faith based on our current knowledge and experience and is believed to be accurate when applied under 'normal' conditions. In practice, the materials, surfaces or conditions are so varied that no warranty regarding the working results or any liability or guarantee can be inferred either from this information nor from a verbal consultation. It is recommended that the user makes his or her own tests to determine the suitability of the product for their own requirements.
