

## DESCRIPTION:

**Liquid Laundry Detergent** is an environmentally friendly product, which is tough on stains, but gentle on the clothes.

## DIRECTIONS:

### SUGGESTED DILUTION RATES:

**Top loading machines for regular load:** 1/4 cup or 60mls.

Use more for heavily soiled loads. Use less for smaller loads.

**Front loading machines for regular load:** 30 to 40 mls.

Use in hot, warm or cold water.

**Pre-treatment:** Pour a small amount directly onto the stain, rub in gently and wash immediately. For stubborn stains, pre-soak the clothing in warm water with a small amount of detergent. Do not soak wool, silk or non-colourfast items.

**Machine Washing:** Pour into the washing machine as per the machine manufacturer's instructions.

## APPLICATIONS:

Laundry.

## PROPERTIES:

Dark blue liquid with an alkaline pH.

### Available Sizes:

**SAFETY PRECAUTIONS:** Wash hands after use. Store in original container, tightly closed away from food. Dispose of empty container in a safe manner.

### FIRST AID:

Eye Hold eyes open and flush with water for at least 15 min. Seek medical attention immediately.  
 Skin Apply soothing barrier cream.  
 Ingestion Do not induce vomiting. Give large quantity of milk or water to drink. Seek medical attention immediately.  
 Inhalation If inhaled, move to fresh air. If breathing is difficult, seek medical attention immediately.

*If medical advice is needed have the product container/label at hand. In an emergency phone the National Poison Centre. (24 hrs): 0800 POISON[764 766].*

### OUR VISION AND MISSION

To be the leading value-based provider to the market. We have a dedicated team to achieve excellence for our customers and a philosophy of total quality. We conduct business and create relationships in an ethical and sustainable manner with customers, our community and the environment. The value we provide our customers is the opportunity to increase profit through lower cost solutions that do not sacrifice quality or service.

### ENVIRONMENTAL POLICY

Pacer is committed to leading the industry in minimising the impact of its activities on the environment. The key points of our strategy to achieve this are: Purpose built premises utilising energy efficient technology and rain water collection. Actively promoting recycling both internally and amongst our customers and suppliers. To develop and promote a product range to minimise the environmental impact of our products. We are constantly evaluating and looking at substituting to a more environmentally friendly composition of raw materials for our products. To meet or exceed all the environmental legislation that relates to our industry.

### DISCLAIMER

The technical data and information provided, including the recommendations for applying & using our products, is given in good faith based on our current knowledge and experience and is believed to be accurate when applied under 'normal' conditions. In practice, the materials, surfaces or conditions are so varied that no warranty regarding the working results or any liability or guarantee can be inferred either from this information nor from a verbal consultation. It is recommended that the user makes his or her own tests to determine the suitability of the product for their own requirements.
